SHALL NOT NAME REPARATION SUM

Expert Advisory Committee Will Not
Be Permitted To Set Amount
Of Debt Poincare Asserts

IS ANXIOUS FOR AN ACCORD

French Do Not Want To Be Trap-
ped, Premier Says Emphatically
—Will Not Give Up Guarantees

By JOHN DEGANDT
(U. P. Staff Correspondent)

Paris, Nov. 1.—"It is not time to change our policy and we will not change," Premier Poincare declared today in an important discussion of the reparations tangle at the unveiling of a monument to French war dead at Nevers.

The expert advisory committee must not set the amount of the German reparations debt, he reiterated.

"We are anxious as soon as possible to solve in full accord with our allies the question of reparations, in which we are more interested than anybody, but we do not want to be trapped," Poincare said emphatically.

"We will not abandon our rights nor give up guarantees we have taken. We will not tear up the treaty signed by so many nations."

"We agree to an investigation of what Germany can pay now or during a short lapse of time. This is the function of the reparations commission, helped by any experts they may appoint."

"The reparations commission is also entitled to frame new ways of payment and to try to find means to restore German finance; but we must not ask them to disavow the decisions regarding the amount that is our due, nor fix definite payment for the future."

"How unjust and perilous it would be if tomorrow Germany were freed from further debt, only to return within a few years to humiliate and crush us once more."

"France confidently signed the treaty of Versailles, though it was not very satisfactory because others promised their aid in the event of future aggressions; because, also, we were promised reparations for all our damages; but a few months later the finest stones in the building collapsed."

"Germany also perceived that the longer she was able to delay fulfillment of her obligations the more difficult it would be for the allies to continue their policy of solidarity."

"She systematically organized her bankruptcy before France had ever decided to enter the Ruhr."

"The country itself is not poor; it is the state and the middle classes. Germany's immense resources have

FALSEHOOD, CHARGES FORMER U. S. OFFICIAL

Ewing LaPorte Denies Arbitrarily
Raising Rental of Farm in Vet-
erans Bureau Probe

LAST DAY OF WILSON REGIME

Washington, Nov. 1.—A flat charge of falsehood in reply to testimony that he had arbitrarily raised the rental of the farm of E. L. (Liv) Morse at Excelsior Springs, Mo., from \$77,000 to \$99,000 on March 3, 1921, was made by former Assistant Secretary of the Treasury Ewing LaPorte before the senate committee investigating the Veterans' Bureau today.

"That isn't true—if they testified to that it isn't true," declared LaPorte. "It's probably a deliberate falsehood—I think it is."

Previous witnesses had told the committee LaPorte had rushed the offer of terms to Morse through on the last day of the Wilson administration.

The efforts of the senate committee were bent today to the solution of the many mysteries which have already gathered about the probe.

After six days of hearings extending over a period of nearly two weeks, the committee was beset with unanswered questions at the heart of every phase of its investigation.

MRS. RACHAEL KNOTTS DIES

Expires At Home Of Her Brother
In Washington Township

Mrs. Rachel Knotts, age seventy-three years died, at the home of her brother, George Rider, in Washington township Wednesday evening, after an illness of several weeks. Mrs. Knotts formerly lived in Madison county, north of Anderson, but had been making her home with her brother since her husband's death. Mr. Knotts was related to the Knotts family residing in this county. The deceased was a resident of Madison county for forty-three years.

Mrs. Knotts is survived by one brother and two sisters, Mrs. D. O. Trissel of Indianapolis and a sister living in Marion, Ind. She was also a sister-in-law of Dr. R. J. Hall, living northeast of Rushville.

The funeral services will be held at the Rider home Friday morning at 9:30 o'clock and burial will take place in a cemetery north of Anderson, in the community where Mrs. Knotts formerly lived.

HALLOWE'EN NIGHT IS PASSED QUIETLY

Few Acts of Vandalism Reported on
Night of Celebrating—Masqueraders on Streets

ONE FALSE FIRE ALARM

Hallowe'en night passed in Rushville as one of the quietest on record with little trouble reported, and with the people who were masked on the downtown streets, being one of the most orderly crowds ever handled by the police.

Orie Blackburn, police chief, said that not a single call or complaint was sent to police headquarters during the evening's celebration, and very little vandalism was evidenced in any part of the city.

The fire department could not pass by a Hallowe'en without answering a call, and shortly after one o'clock this morning, a run was made to box 37, Third street and the Big Four railroad, but the alarm was false.

Aside from parties in all parts of the city, the skating rink reported a good crowd at their masked affair, and also a dance at the Modern Woodman hall proved a good drawing card. The usual crowd of children and grown-ups made up a strolling party in the business district. The chilly weather sent the masqueraders home early, and the weather also is believed to have been responsible for little vandalism.

WALTON'S PLEA FOR A POSTPONEMENT DENIED

Oklahoma Senate, Assembled as
Court of Impeachment. Votes He
Shall Make Plea This Afternoon

MUST ANSWER TO CHARGES

Oklahoma City, Okla., Nov. 1.—Hearing of charges against Governor J. C. Walton was postponed until 1:30 p. m., today when the state senate assembled as a court of impeachment.

The recess was taken on request of attorneys for Walton. They asked for postponement of ten days, but the senate voted that the governor should make his plea this afternoon. The governor was called to appear before the senate sitting as a court of impeachment to answer charges of "gross abuse of official powers involving moral turpitude."

As the curtain lifted on what may be the last act of the most stirring ten months of drama in the history of any state, the government contended that the Ku Klux Klan was responsible for his difficulties and declared the legislature was controlled by that organization.

Taking his seat in the governor's chair the first of the year, surrounded by one hundred thousand acclaiming supporters, Walton today faced the court of last resort with only a handful of loyal friends at his side.

Zach Mulhall and Buck Garrett, whose names are linked with close to a half a century of law enforcement history in Oklahoma, were ready to accompany the governor and his hired attorneys to the senate chambers.

HOT POTATOES

PROSPECTS FOR BUSINESS GOOD

Confidence in Future Based on Fact
That Great Many People Are
Over-Cautious

LESSON OF 1920 IS NOT LOST

Although Wheat Farmers Are in Bad
Condition, Reports Show Others
Are Improving

(Special to The Daily Republican)
Washington, Nov. 1.—Probably one of the best reasons upon which to base confidence in the immediate business future of the United States is the fact that a great many people are a little weak in their confidence. Because of this lack of confidence, they have been over-cautious, and the financial situation has none of the weak spots that made the slump of 1920 so drastic. Prior to the 1920 depression, all lines of industry had been running at full capacity and retail merchants, confident of the future, had loaded their shelves with goods bought at high prices. When the Wilson Administration, in the effort to fulfill its promise to cut the cost of living, started the deflation program, every feature of the situation was exactly right for destruction. Not only the merchants but farmers were carrying huge debts which their creditors called upon them to pay. Liquidation meant heavy losses.

The lesson of 1920 has not been lost. According to all reports, retail merchants have been buying cautiously and in quantities such as they can reasonably expect to turn over without loss. Although wheat farmers are in a bad position, other farmers are prosperous. The agricultural loans made through the War Finance Corporation have been reduced from \$350,000,000 to about \$100,000,000. Loans from banks have been reduced and the farmer's interest burden lightened. Savings banks accounts have increased throughout the country, in farming regions as well as in industrial centers. The people of the country have been providing resources against a period of adversity, and this makes all the more unlikely the occurrence of such a misfortune.

Current trade reports show freight car loadings at the present time more than 18 percent greater than at the same time last year, the increase being recorded in every class of commodities except coal and coke. The largest increase is in forest products, which indicates a continued use of timber in construction.

COLD CUTS THE ATTENDANCE

C. M. Trowbridge's Duroc Hog Sale
Attracts Fair-Sized Crowd

C. M. Trowbridge's annual Duroc hog sale attracted a fair-sized crowd to the Trowbridge farm near Mays Wednesday, but the attendance was not as large as in past years, due largely to the extreme cold weather for this season of the year, which kept many people at home. The auctioneer, however, said that it was the largest crowd present at any sale he had attended this fall.

The fifty-one head of pure-bred hogs averaged \$28 a head, the average price paid for the gilts being very little higher than the price other hogs on the auction brought.

Grand Jury Investigation Of Gov.
McCray's Affairs Adjourned At
Noon Today

ELMER W. STOUT A WITNESS

Indianapolis Bank Head And Six
Other Bankers Before Investigators
This Morning

(By United Press)
Indianapolis, Ind., Nov. 1.—Elmer W. Stout, president of the Fletcher American National bank, was one of the witnesses called before the Marion county grand jury today in the investigation of Governor McCray's financial affairs. The bank is one of McCray's heaviest creditors.

Seven witnesses appeared during the morning session. All were bankers. The number of witnesses was the largest called on any single day since the probe started. The investigation adjourned at noon until Monday morning.

Attorneys for Governor McCray were ready today to launch their legal battle to block bankruptcy proceedings against the governor.

Judge A. B. Anderson was expected to take up today a motion filed by James W. Noel and George Barnard, counsel for the Governor, asking that the petition for involuntary bankruptcy filed by three Fort Wayne banks be referred to a referee in bankruptcy.

The motion also asks that question of whether the governor's chief occupation is that of a farmer be taken up before the main ques-

SAYS WATSON IS TO GET INTO RACE

Indiana Correspondent Of New York
Mail Asserts Hoosier Senator Is
Ready For Action

IF OTHERS ENTER CONTEST

Difficulties Within His Own Party
More Composed Than They Were
During Last Campaign

William Hard, staff correspondent of the New York Mail, writing from Indianapolis, ventures the opinion that Senator James E. Watson of this city will be a candidate for the republican nomination for president of the United States next year, providing other candidates come out against President Coolidge and also predicts that the Indiana senator has better chances of success than he had in 1920, when he was discussed as a candidate, because difficulties in his party in Indiana are more composed. Mr. Hard says:

There is absolutely no doubt here among informed Republicans that if Hiram Johnson, or Gifford Pinchot, or anybody else comes out as an avowed candidate against President Coolidge for the republican nomination next year, the ranks of contestants for White House honors will be swelled by the large presence of James E. Watson, Indiana's senior United States senator.

Watson's worshippers here are not only in favor of Watson for our next President, but are quite at a loss to understand why the country did not make him President long ago. They regard him as a Republican hero beyond compare.

They will admit that there are other men who are great, but they will not admit that there is anybody comparable to Watson as a banner bearer of militant Republicanism. He is their Napoleon, and they will go to Chicago or Moscow or anywhere else for him.

They expect both Johnson and Pinchot to declare against Coolidge, and will regard either of these declarations as a signal step forward with a declaration for Watson the wondrous.

The intensity of this feeling is well known here. It is also well known that it does not seem to die down among those who have conversed with Mr. Watson himself.

The best conclusion from all the evidence is that Mr. Watson does

PULPIT, PICTURES LINKED

"Drugs And Dope" Sermon to be
Followed by "Human Wreckage."

The pulpit and motion pictures as educational agencies will be linked up together next week when the Rev. L. E. Brown, pastor of the Main Street Christian church, preaches at the Princess theatre Sunday night on "Drugs and Dope" and the motion picture, "Human Wreckage," a picture showing the evil of habit-forming drugs, is shown at the same theatre Monday and Tuesday nights.

The sermon is the first of a series to be given one Sunday evening each month during the winter at the Princess. The pastor of the church has the backing of the official board in the enterprise, the board having voted unanimously for him to preach at the theatre once a month.

The management of the theatre is co-operating in the movement by arranging for the showing of the picture following the sermon. The picture was made by Mrs. Wallace Reid, following the death of her husband, who was a victim of "dope" as a part of her fight against the drug traffic.

MORE FUNDS TO FIGHT RUM RUNNERS LIKELY

Will Be Outgrowth of Proposed
Treaty Extending Three-Mile
Limit to 12 Miles

MAY NOT BE VALID, NEW CLAIM

(By United Press)
Washington, Nov. 1.—A recommendation for more funds to provide ships and money to block the activities of rum runners off American coasts probably will be made to the next congress as the result of the virtual agreement between the American and British governments for a treaty on the liquor question, it was said on high authority at the treasury department today.

Doubt as to whether the proposed treaty between the United States and Great Britain for the extension of the three mile limit to 12-miles and allowing British ships to bring liquor into American waters will be valid was expressed by department of justice officials here today.

These officials were inclined to think that the validity of such a treaty, which would overturn an opinion of the Supreme Court on a question of a law which the court previously has upheld, is not at all assured.

FORECLOSURE OF A MORTGAGE IS SOUGHT

Willard H. Amos Files Second Action
Within Week Against Edgar
M. Thompson Et Al

EMMA GORDON WILL PROBATED

Willard H. Amos is plaintiff in a suit filed in court today against Edgar M. Thomas, et al, the complaint being on a note and for the foreclosure of a chattel mortgage. The suit is similar to the one filed this week by the same plaintiff which involved \$8,000 in notes.

In this complaint, the plaintiff alleges that the defendants negotiated a loan of \$1,350 and secured the loan with a chattel mortgage with a corn crop and hogs on the Irma Mitchell farm, and the plaintiff asks that the mortgage be foreclosed to satisfy the remainder due on the principal, and for which \$750 is demanded.

The will of Emma Bordonhas been probated in court, and in the list of beneficiaries the St. Paul's M. E. church of this city is bequeathed \$50. The residue of the estate is left to three cousins, who were the deceased's nearest relatives. Clyde M. Wilson, a cousin, was requested to be named executor. The will was dated October 26 of this year.

ASKS PAYMENT OF A \$500,000 LOAN

State Highway Commission Calls On
Finance Board For Money Ad-
vanced To General Fund

CONTRACT PAYMENTS DUE

State Funds So Depleted That Call
Has Been Sent To County
Treasurer For Tax Money

(By United Press)
Indianapolis, Ind., Nov. 1.—The state highway commission today requested immediate payment of a \$500,000 loan made to the state general fund several days ago. With a balance of approximately \$363,000 and facing approximately \$704,000 in payments falling due on contracts in the near future, the highway body found it necessary to recall at least \$500,000 of the \$1,350,000 owed it by the general fund. Members of the state board of finance were expected to meet late today to find means of raising the money necessary to repay the \$500,000.

The general fund had a balance on Monday of \$271,312, out of which will be taken today the payroll of about \$140,000 and current bills amounting to nearly \$60,000.

John D. Williams, director of the highway commission, conferred with Robert Bracken late yesterday and informed him of the needs of the commission.

Bracken, it was understood, said the only way to raise the money would be through a bank loan to the general fund.

Last month the highway commission received about \$1,300,000 in gasoline tax collections. Shortly after the money reached the highway commission, a loan of \$400,000 was made to the general fund.

The loan falls due November 10, but Williams informed Bracken the commission cannot wait until then.

Books in Bracken's office show the general fund creditors as follows: Highway commission, \$1,250,000; banks, \$1,750,000; auto theft fund, \$400,000; Purdue University endowment fund, \$340,000.

So urgent have been the demands of the general fund that the state sent a call to all county treasurers yesterday asking advance payment on tax collections ordinarily not payable until Dec. 31.

During the last twenty years state disbursements which represent the expenses of operating the governmental machinery of the state, have advanced from approximately \$8,000,000 annually to more than \$30,000, according to figures compiled by Carl Cue, deputy state auditor.

In 1903 the state spent \$5,913, \$75, and in 1923 the expenses reached \$30,483,928.

INCOME TAX FORM 1040 IS TO BE SIMPLIFIED

Good News to Taxpayer Who Had
to Wade Through Six Pages of
Instructions and Questions

FORM MOST TAXPAYERS USE

"Form 1040," which has stumped many an income taxpayer with its six pages of questions, instructions and what not, is to be simplified.

Hereafter, the internal revenue bureau announces, it will consist of a single sheet and will be used in reporting net incomes of not more than \$5,000 derived chiefly from salary and wages. Questions will be on one side of the blank; instructions on the other.

"More than 4,000,000 persons, or approximately 70 percent of those who annually are required to file individual income tax returns," the bureau's announcement said, "are favorably affected by the revision and simplification."

The six-page form will continue in use for taxpayers, any of whose income is derived from business or profession, sale of property or rents, even though the total is less than \$5,000 a year, and for those who have yearly incomes of more than \$5,000, regardless of the source.

CLOVER SEED MOVES SLOWLY

Growers Are Holding For Higher
Prices Due to Short Crop And
Succession of Advances

RED CLOVER SLOW IN STATE

Comparison of Prices Shows Advance of \$4 a Ton Over Last Year and \$8 Over 2 Years Ago

Growers were not selling red and alsike clover seed freely during the two weeks ending Oct. 16. The short crop and the succession of advances in prices last year from harvest until the following spring have influenced many growers to hold for higher prices. Approximately 25% of the red clover and 50% of the alsike, clover crop have left growers' hands compared with 45 percent and 60 percent, respectively, last year.

Prices have continued to advance, on Oct. 16 being about 60c per 100 lbs. higher for red clover and 35c higher for alsike clover than two weeks ago.

Red clover—Movement of red clover has been slowest in northern Illinois, northern and central Indiana, western Ohio, and northeastern Iowa. The quickest movement has occurred in central Illinois, where prices have ruled higher than elsewhere, southern Idaho, and northeastern Wisconsin. In some sections the movement during the past two weeks has not been large enough to show any difference in the Oct. 2 and Oct. 16 movement figures.

Prices paid to growers on Oct. 16 for clean seed averaged \$20.70 per 100 lbs. compared with \$20.10 two weeks ago, \$16.15 last year, and \$16.20 two years ago. The range was from \$20 in southern an northeastern Wisconsin, northwestern Minnesota, and southern Idaho to \$22.65 in central Illinois. Prices in most sections were higher than two weeks ago but the average increase of 60c was much smaller than during the two weeks' period Sept. 18-Oct. 2, when prices rose \$1.80. Whether the trend will continue upward in the face of larger available exports from European countries than last year is impossible to foretell. Recent reports from Germany indicate that the export demand is very good.

Approximately 66,000 lbs. of red clover, subject to the seed importation act, arrived at New York from France and Belgium during the week ending Oct. 20. About 88,000 lbs. of clover, kind not specified but which may be red clover, arrived at Baltimore from Germany.

Alsike clover—Movement of alsike clover continued to be a little slower than last year. The greatest movement has taken place in western New York and southern Idaho, where 70-80% of the crop has been sold. The slowest movement has occurred in northeastern and western Wisconsin and southern Michigan where 25-40% of the crop is estimated to have left growers' hands.

Prices paid to growers on Oct. 16 for clean seed averaged \$14.55 per 100 lbs compared with \$14.20 two weeks ago, \$13.95 last year, and \$14.40 two years ago. The range was from \$13.30 in southern Michigan and \$13.55 in northwestern Ohio to \$15.85 in central Illinois and southwestern Ohio. Present prices show a greater discount under red clover than last year or two years ago.

CORN CRIBBING

Capacity Approximately 400 Bushels Ear Corn

You can have all the crib room you need and just when you need it with "Pittsburgh Perfect" corn cribbing. The cost is very small, and the desired cribs can be set up without delay.

When the cribs are empty, the fabric may be rolled up and stored out of the way until needed again, or it may be used as fencing for enclosing lawns, poultry runs, gardens, orchards, etc.

"Pittsburgh Perfect" Corn Cribbing is made of all No. 12 1/2 gauge wires, which insures uniform strength and durability. The fabric is electrically welded, making it neat, easily handled, and with a smooth inner surface upon which the corn cannot catch and bear down.

If you are needing crib room, by all means come in and see this remarkably convenient corn cribbing which is priced so that it will save a great deal of money over other kinds of corn cribs.

tion of whether the governor is, actually bankrupt.

If the court decides the question of the governor's occupation is to be argued first, his attorneys will then make their main fight on the stand that the governor has always been a farmer and that the fact of his being governor does not alter the situation.

The Fort Wayne banks will contend that McCray is primarily a capitalist and not a farmer in the sense the word is used in the bankruptcy laws.

The Marion county grand jury, after being recessed since Monday, resumed its investigation today. Indication of a widening of the scope of the investigation was seen in Judge Collins' request for a special appropriation of \$5,000 to carry on the work.

At Noblesville, The Hamilton county grand jury continued its investigation into matters connected with the governor's financial transactions.

Governor McCray yesterday sold 68 head of his fine Hereford cattle at an average of \$75 a head. The same stock, the governor said, would have brought as high as \$800 a head a short time ago.

COME TO PARTING OF WAYS

Sen. Couzens And Ford, Former Partners, Criticize One Another

Detroit, Mich., Nov. 1—Henry Ford and United States Senator James Couzens, pioneer partners in the automobile business and long associated in other enterprises came to the parting of the ways today. Addressing the Detroit Republican

club at a dinner, Couzens made no attempt to conceal the fact that Ford had touched him to the quick when he declared "Couzen knew better than to propose a return to old-fashioned beer."

In retaliation Couzen ridiculed Ford's presidential candidacy, questioned his motive in negotiations for Muscel Shoals and defended Secretary of War Weeks for the sale of the Gorgas plant.

YOUR OPPORTUNITY

This is your opportunity to place a New 1924 Model Great Majestic Range in your kitchen at a real bargain.

By all means don't fail to see the NEW MODEL MAJESTIC—it's the last word in modern range construction. Many, many improvements have been added to this already famous range and its graceful stream line beauty will please you immensely. Make it your business to drop in our store at least one day during our

Special Exhibit and Sale of
Great Majestic Ranges
ONE WEEK ONLY
Nov. 5th to Nov. 10th

Ask your friends and neighbors to come with you—we are so delighted with the New Model MAJESTIC that we want everyone to see it. Come whether you buy or not. Let the factory representative, who will be with us all week, show you just how the MAJESTIC is made—inside and outside—show you the true reasons why this wonderful range performs, looks and lasts so much better than other ranges.

FREE--During This Exhibit Only

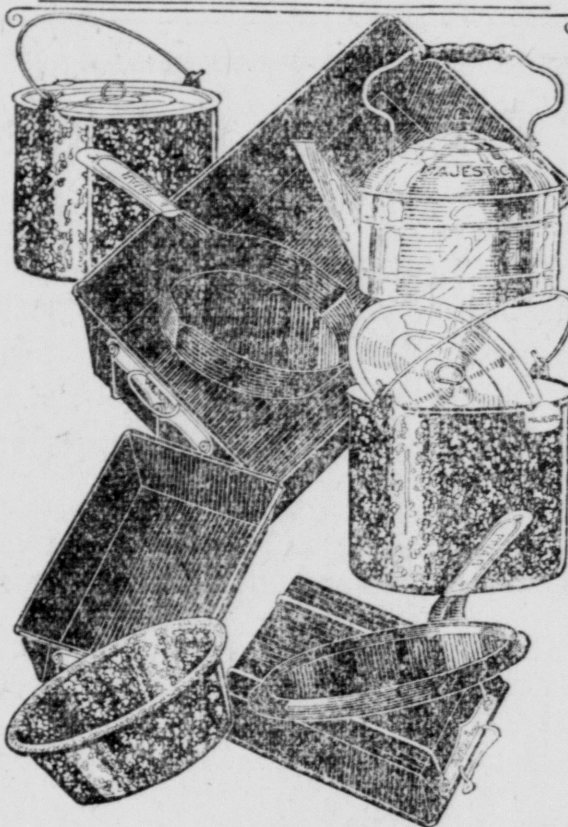

Look at these two fine sets of cooking utensils! Either set may be yours absolutely without cost, just for deciding to buy your Great Majestic Range this week instead of later.

Polished Solid Copper Set

The set illustrated to left is of PURE HEAVY COPPER, highly polished and of exquisite design. Every woman falls in love with it on sight—don't fail to drop in and see it.

Special Majestic Ware

This wonderfully serviceable ware, illustrated below, is well known by thousands and thousands of Majestic Range users, it is the highly prized, extra heavy, old time Majestic Set, the same as furnished before the war.

Let the factory representative give you the opinion of an experienced expert. He will show you the many features of the new Majestic that have gained for it the proud position of being the most dependable and beautiful range in America.

Reputation in a range is something to be carefully considered before buying, for reputation is made up of tests successfully passed.

Choose the style of new MAJESTIC that meets your individual need and preference, the practical, durable, economic and matchless cooking qualities that have always distinguished the MAJESTIC ranges are the same in every type. In addition to its superior working qualities, the new MAJESTIC, by its handsome design and graceful artistic appearance, gives a touch of beauty to any kitchen. It is not only the best range to work with, it is the best to live with.

TAX COLLECTIONS IN SLUMP

Fail to Hold up to Record For Fall Instalment Set Tuesday

Tax collections slowed up considerably Wednesday, following the record for the fall established Tuesday, and receipts at the county treasurer's office amounted to only \$23,721.57, which was \$17,000 less than the day preceding. A large sum is being paid by mail daily, many taxpayers sending blank checks and self-addressed, stamped envelopes to the county treasurer for the return of the receipt.

Collections on the fall installment up to the close of business last night totaled \$284,319.04, which left approximately \$160,000 to be paid during the four days of the taxpaying season remaining. This means the collections will have to average \$40,000 a day.

The treasure's office will be open Friday, Saturday and Monday nights.

MERCURY HITS SLUMP AGAIN

Lacks Two Degrees of Reaching Low Mark Tuesday Night

The mercury hit a slump again last night, according to Elwood Kirkwood at Maunzy, who reported that the lowest reached during the night was 20 degrees above zero, which came within two degrees of being as cold as the night before, when the low record for the winter was reached.

The prediction for tonight is fair, followed by increasing cloudiness Friday, and warmer temperature is in sight for the next few days.

The lowest recorded last night at Indianapolis was 31 degrees, while at Cincinnati the lowest reached during the night was 24 degrees.

THE WHOLE HEART:—Blessed
are they that keep His testimonies
and that seek Him with the whole
heart.—Psalms 119: 2.**Show Your Sincerity**The Association Against The
Prohibition Amendment will hold a
conference in Washington next Jan-
uary with the slogan, "Enforce or
Modify." The head of the organiza-
tion says the meeting has been timed
so as to give Federal and state en-
forcement officers a chance to make
good. If by then there has been no
improvement in conditions the con-
ference intends to announce to the
country "the complete failure of
prohibition in the United States."It would be more than truth to
inform the country that the efforts
of the Association and other citizensof similar mind have been success-
ful in their fight against the law and
the Constitution. Every bootlegger,
hi-jacker, and moonshiner in the
country is actually, if not nominally,
a member of the Association Against
the Prohibition Amendment. They
are the ones who are doing the most
effective work toward attaining the
objects of the Association. It is time
enough for any person or organiza-
tion to condemn the prohibition
amendment after rendering conscien-
tious aid in its enforcement.**Up To Europe**The recently repeated Hughes
suggestion for a settlement of the
reparations tangle is open for ac-
ceptance by the powers concerned.
Matters appear to be going from bad
to worse in Europe, all because of
differences of opinion over the
amount of German reparations and
the time of payment. But it must
be remembered that the Hughes plan
does not include the offer of any ac-
tion by the American Government,
which seems to be what most of the
internationalists are striving to ob-
tain. The plan put forth by Secre-
tary Hughes contemplated the ap-
pointment of an economic commis-
sion to determine the capacity of
Germany to pay. He intimated that
distinguished Americans would be
willing to sit on such a commission,
but gave no intimation that the United
States Government would appoint
them or be responsible for any judg-
ment they might render. The admin-
istration at Washington is as deter-
mined as ever not to involve the
United States in the European situa-
tion, and the Hughes tender of ad-
vice can not be construed as violat-
ing that policy.**Putting "L" In Manila**Some of the self-seeking Filipino
political leaders have declared war
to the finish to obtain independence
for the islands and the removal of
Governor General Wood. The an-
nouncement is not likely to disturb
the equanimity of Gen. Wood or the
confidence of the American people
in his ability as governor. The Fili-
pinos will be given their indepen-
dence when they have shown their ability
for self-government. During the lastregime the administration of Philip-
pine affairs was practically turned
over to the natives, with the result
that there was a financial wreck and
gross abuse of official power. It has
taken Gen. Wood months of weary
effort to repair the damage, in the
course of which he has uncovered
numerous shady transactions by the
very individuals who are now seek-
ing control of the islands. Of course
they are anxious to get him out of
the way and resume their former
practices.**From The Provinces****Still Woody Could Write Good One**

ZEV TO ARRIVE ON GROUND TODAY

My Own And In Memorial Already
At Latonia Ready For Champ-
ionship Turf Event

FAIR SKIES FOR BIG DAY

Zev's Legion Of Backers Would Pre-
fer Muddy Track Because He Is
Best Then

By FRANK H. GETTY
(U. P. Staff Correspondent)
Latonia Race Track, Ky., Nov. 1.—Zev, Harry F. Sinclair's crack three year old, is expected here this afternoon, completing the picture that will come to life Saturday when Kentucky hills will echo cheers for the winner of the Latonia championship—and somebody's colt will be crowned undisputed champion of the American turf.

My Own, close guarded in his stall in barn 41, and In Memoriam, which will carry the hope and cash of the western turfmen, are on the ground, ready for battle. Rialto may come to match less vaunted speed against that of the champions but interest still centers in the long anticipated meeting between Zev and Admiral Cary T. Grayson's brown colt.

The weather promises fair skies for the big day; a track that was ankle deep in mud from the rains of early week is drying rapidly to a perfection that will lend no handicap to any of the starters.

Sam Hildreth, trainer of Zev, and the horse's legion of backers would prefer a muddy track. The Sinclair horse is acknowledged master of his class when the going is stickiest. But it looks as though the track, if not fast, will not tire My Own over the mile and six furlongs route. In Memoriam, a McGee colt, should not fear heavy going; his daddy was a fast stepper on slow tracks; but it is agreed by the gathering throng of horsemen, who are drifting into town with their picturesque talks of handicaps and hoofs that a fairly fast track offers the best test of the three champions' respective ability.

Indications today were that it would be a rather open race. Zev, which stopped to pick up a few more thousand for Sinclair at Empire City yesterday, probably will be the favorite on form. My Own's backers are bound to be legion, however for it seems that as a matter of sentiment alone a majority prefer the Grayson colt.

The men from the west will back In Memoriam. Bob Gilmore, the trainer, declares his horse in finest fettle for Saturday's test. In Memoriam showed this by stepping three quarters on a decidedly heavy track in 1:15.

There seldom has been a caliber of the championship for which a purse of \$50,000 has been added—in which owners, trainers and backers of three horses were as assertive of certain victory. Unless the race ends in one of those triple ties such as was run in England the other day, somebody is going to be proven guilty of over-confidence. Turning from one little group at the track where Zev is given as the "sure thing," one can choose between two others, or two hundred others, where the pre-race dope equally favors My Own or In Memoriam.

Col Matt Winn who is staging the championship and who persuaded Sinclair and Grayson to send their horses and have the awaited testimony in the appropriate Kentucky setting was snowed under today with telegrams from different parts of the country, especially the east announcing folks who are on their way here.

A crowd expected to number between 40,000 and 50,000 will see the race. Bernard Baruch and Admiral Grayson are coming tomorrow night.

One disappointment that will await the throngs in the non-appearance of little Ivan Parke. The diminutive dynamo in silks who has ridden 124 winners this year was expected to show his stuff in some of the other races on Saturday's card. Parke was set down for five days yesterday for rough riding.

The only chance of little "Poison Ivy" as his enthusiastic backers call him in the stretch, appearing Saturday would be if he were chosen to ride My Own or Rialto. There was some talk of Parke's having a leg-up on Admiral Grayson's colt in the championship, but this now appears unlikely.

Zev, of course, will be ridden by the imitable Sande, while Mike Garner will be astride In Memoriam.

NEWSY GOSSIP IN THE WORLD OF SPORT

RED BLOOD OF TURF
WILL FIGHT IT OUT

Race May Be Fixture

By HENRY L. FARRELL
(United Press Sports Editor)

New York, Nov. 1.—Along with tennis, golf, polo, yacht racing and track and field athletics, thoroughbred racing is almost sure to become an established international sport as a result of the Zev-Papyrus race.

Only sufficient inducement to horse owners is required to have established an international race annually to decide the three-year-old championship of the world.

The \$5,000 gold challenge cup, won for the first time by Zev, provides a fitting trophy, and if a generous purse can be offered in the future there is little doubt that the annual cup race can be made just as interesting an event as the American Cup yacht races, the Olympic games and other old established classics.

To make such an event permanent it must necessarily be founded upon principles of true sportsmanship and it must provide that the handicap upon the competitors is distributed.

International sport contests especially between England and the United States, have done much to cultivate friendly relations between the two nations and it is certain that a horse race would not endanger that friendship, as long as the United States would agree to be a good sport in the conduct of the race.

If the deed of title to the cup

won from Papyrus by Zev provides that challengers must come to the United States until the cup is won by a horse representing another nation, this cup race will never survive, because the terms would be obviously unfair in that they would give the American horse all the better of it.

Only the admirable sportsmanship of Sir Thomas Lipton, the English yachtsman, has kept alive the competition for the classic American Cup. No other sportsman in the world but Sir Thomas would throw away the fortune that he has expended in the effort to beat a 100 to 1 shot.

The deed for America's Cup provides that the race shall be sailed in the home waters of the cup-holding nation, and it imposes an almost hopeless handicap in requiring that the challenging yacht must be sailed to the scene of the races.

Under these conditions Sir Thomas must build a challenger rugged enough to withstand the hardships of a trip across the Atlantic and, when it does survive this great task, it must speed with a fragile, bird-like craft that can hardly hold its head up against the slightest wind.

Obviously the element of sportsmanship, under these conditions, is almost entirely removed and the United States certainly cannot boast about its success in defending the cup when challengers have not the slightest chance to win it.

"Mighty Casey"

Few persons know that E. Robinson Casey of Syracuse, N. Y., is the hero of the well-known poem "Casey at the Bat." Back in 1888, as a member of the old Detroit National League team, Casey struck out with the bases full in Minneapolis—not in Mudville. But Thayer who wrote the poem, drew his inspiration from the game. Casey is a successful business man and was in New York recently to attend a convention.

Sinclair, Zev's Owner, Sportsman of Note

New York, Nov. 1.—Henry F. Sinclair, multi-millionaire oilman and the owner of Zev, America's hope in the \$100,000 international championship race against Papyrus, is not only one of the business leaders of the nation, but one of its most outstanding sportsmen.

At various times since he became immensely wealthy, Sinclair has taken a fling at different sports and he became almost a national figure when he assumed the role of one of the big "angels" of the Federal League, which waged war on organized baseball several years ago.

Since the Federal League failed, Sinclair has confined his amusements to racing, although at times he has been reported as willing to buy into the National or American Leagues.

He was born in Whiting, W. Va., on July 6, 1876, and was educated in the public schools in Lawrence, Kan. He took a course in pharmacy at the University of Kansas in 1897 and 1898 and entered into the drug business with his father after leaving college. He drifted into the oil business in 1901 and became successfully successful.

He is president of the Sinclair Consolidated Oil Corporation and a director in various other banking and business institutions.

Sinclair has one of the biggest stables on the American track, which he operates under the name of the Rancocas Stable, with Sam Hildreth as the trainer. His stable led in earnings last season with a total of \$229,285.

He is a great racing enthusiast, but he allows Hildreth absolute authority over his stables and his horses. During the controversy preceding the selection of Zev as the American color bearer, when a match race was being urged between Zev and My Own, the Grayson colt, Sinclair refused to take a part and said that the decision was entirely up to his trainer.

HUNTERS THRILL TO THE WORDS, "NOVEMBER IS THE OPEN SEASON"

"Open season!" These words stand for a world of joy to every sportsman—and now it is open season on almost every kind of game. In uplands and lowlands, marsh, and covert, sportsmen are enjoying the thrill of the hunt. Wherever there is game, furred or feathered, there are gunners winning fan and heightened health from the oldest, and according to them, the greatest sport.

The Indians called September the "Hunters' Moon," but it is November to which hunters now look forward most eagerly the whole year round.

Those who themselves cannot go on long hunting trips are envying their more fortunate fellows who can—and there are but few red-blooded, two-fisted men who are not managing somehow to squeeze at least several days' shooting into their month's activities.

The old hunting instinct may lie dormant the rest of the year. But there is something in these crisp, cool days that forces it wide-awake. As Kipling puts it, sportsmen hear "the red gods call."

Whether for wildfowl or the winged or four-footed dwellers in the woods or fields, everybody's going hunting. And "Ain't it a grand and glorious feeling?" No "fly in the ointment" as earlier in the year! No swarms of black flies or mosquitoes or even gnats to disturb your peace or take the edge off your pleasure! Ask men why they go hunting! They'll give you many reasons. Some prosperous business or professional men, probably—will tell you that there's no better preparation for the winter's work than some time spent in the open matching their quickness and wits against those of the game they're hunting. They'll say there's no pep-producer that can compare with the clear air of a brisk fall day redolent with the tang of the forest or the salt of the bay—that hunting's a real efficiency measure. To bring home a good bag, a man must be on the alert!

Others will declare that now the country and the woods are at the height of their beauty. Many of the trees are still gorgeous in their russet, scarlet and gold panoply of autumn foliage. The landscape on every side presents a panorama in which they delight.

Still others prize most highly—beside the never-to-be-forgotten thrill of hunting—a pleasure of a more material kind: appetizing dishes that are fit for a king: venison, roast duck, quail on toast, stuffed goose, boiled partridge or grouse, rabbit or squirrel pot-pie—yum-yum!!

There are most as many reasons given for going hunting as there are hunters, but all agree on one thing: not to go hunting in November is to miss a barrel of fun, to pass up a big part of the joy o' life. For a sportsman can enjoy no happier time than a clear, snappy November day tramping the fields behind a pair of good dogs in quest of quail—unless it be going gunning through the brush for grouse or rabbit or the swamp for snipe—especially Jack snipe with that perplexing "cork screw flight", that so often saves them for another day's sport—or waiting in the blind for geese or duck that are wary and flying high.

Wild foul are flying south—and testing the marksmanship of the most experienced gunners. "Br'er Rabbit's" trail leads to real sport. Bob Whites, grouse and their families are apt to whir up from you feet most anywhere out of town. Game is plentiful. Sportsmen's supplies are in great demand, according to local merchants.

JUDGE GAUSE SWORN IN

Indianapolis, Ind., Nov. 1.—Fred C. Gause, former judge of the Henry county circuit court was sworn in as supreme court justice today by Zachariah Dungan, clerk of the supreme court. Judge Gause succeeds Howard L. Townsend of Fort Wayne, who resigned to reenter the private practice of law.

Bloomington —Presidents of eleven Indiana colleges and universities were guests of William Lowe Bryan, president of Indiana university at a student convocation here.

LEASING UNJUSTIFIED

Washington, Nov. 1.—If the sole reason for leasing the Tea Pot Dome oil reserve was the danger that oil would be drained off by outside wells, then the leasing was unjustified, W. C. Mendenhall, chief geologist of the United States geological survey, told the senate committee investigating the Tea Pot Dome leases today.

RUSHVILLE IS READY FOR THE WORD TO GO

New Floor at Gymnasium Is Completed And High School Team Will Practice There Tonight

THREE GAMES ON FIRST BILL

The Rushville high school basketball team is ready for the word to go, and they will make their appearance for the first time Friday night at the Graham Annex gymnasium, meeting Brookville as their opponents.

There are three games on the schedule, with the first contest being called at 6:30 o'clock, when the local girls will meet the Fairview girls. This game should be a good one, as last spring the two teams battled to a tie game at Fairview.

After the girl's game, the R. H. S. seconds will meet the Brookville seconds, and at 8:15 the big contest of the evening will be called.

The new floor has been completed, and the team will practice on the floor tonight. The workmen finished laying the new floor yesterday, and it was laid out with the lines and given the wax finish.

It is not known just how Coach Swain will start his squad against Brookville, but in all probability all of the first string men will be given a chance to take part. The second team this year is said to be even stronger than last year, and is out for a good record during the season.

U. S. CHALLENGER LOSES

Halifax, Nova Scotia, Nov. 1.—Canada retains the international fisherman's trophy. The Nova Scotia schooner Blue Nose, defender of the cup, defeated the Yankee challenger Columbia, today in the second and deciding race of the annual regatta.

HOPPE IS DEFEATED

New York, Nov. 1.—With an unexpected and surprising victory over Willie Hoppe, the champion last night, Welker Cochran took the lead in the tournament for the world's 18.2 ball line billiard championship. Cochran defeated Hoppe most convincingly by a score of 500 to 230 and took the lead with two games won and none lost.

Lafayette, Ind.—The Purdue squad went through a long session in preparation for the Notre Dame game Saturday. The regulars were given thorough instructions in receiving punts.

Sideline Glimpes

Urbana, Ill.—The spirit of "Fighting Bob" Zuppke has been injected into the Illini squad and the entire campus is celebrating "fight week." Zuppke has told his charges they must "fight as you've never fought before" when they line up Saturday against the Chicago Maroons.

Chicago—Coach Stagg's varsity squad has completed its "heavy work" for the Illini clash Saturday. The men will get little more than signal drill from now on.

Evanston, Ill.—With DeStefano and Weineke fighting madly for the full back berth and all his cripples well, Coach Thistlewaite believes his Purple charges will make the going rough for the Gophers Saturday. Northwestern has twice upset the dope by its strong showing against the Norsemen.

Minneapolis, Minn.—The Minnesota varsity squad found no difficulty in stopping the scrubs who used Northwestern plays in a hard scrimmage. Several Gopher regulars are certain to be out of the game with the Purple Saturday.

Ann Arbor, Mich.—A forward pass attack using Utritz, Kopke and Strelzer, featured the last hard scrimmage for the Wolverines in preparation for the game with Iowa Saturday.

Iowa City, Ia.—Coach Howard Jones is putting the polish on his crippled Hawkeves for the Michigan clash here this week-end. He is centering his attentions on his kickers.

South Bend, Ind.—The "Micks" did not get the expected hard scrimmage session Wednesday. Rockne having decided the game each week end was sufficient "heavy work" for his charges. The squad ran through formations expected to beat Purdue.

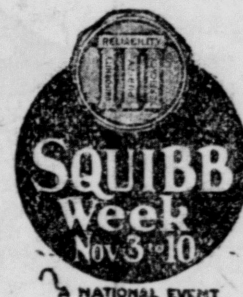

Columbus, O.—Coach Wilce's new driving attack scored three touchdowns in 20 minutes against the Blings in a stiff scrimmage session Wednesday. The forward pass was practically abandoned.

* * *

The Girl's Circle of the Little Flatrock Christian church will be entertained Saturday afternoon at the home of Miss Marian Sefton. Miss Sefton will also have charge of the program.

* * *

Mr. and Mrs. Gilbert Palmer entertained with a dinner party Wednesday evening at six o'clock at their home in West Eighth street, honoring Mr. and Mrs. Emert Plunket and children Pauline, Kenneth and Bobby.

* * *

Mr. and Mrs. Willis Ronan had as their guests at dinner Sunday at their home northwest of the city, Mr. and Mrs. Rush Barnes and son Augustus of Alpine, Mr. and Mrs. Dale Ronan and William Fisher of Connersville.

* * *

The regular stated meeting of Martha Poe Chapter, No. 143, O. E. S., will be held Friday evening at 7:30 o'clock promptly. Each member is asked to bring their jar of fruit at this meeting for the barrel of fruit to be sent to the Masonic Home at Franklin Thanksgiving Day.

* * *

A Miscellaneous shower was given at the home of Mrs. John Roberts in Glenwood, Wednesday afternoon, in honor of her daughter, Mrs. Karl Runyan of Connersville who was formerly Miss Lucile Roberts. Halloween effects were beautifully arranged for the decoration and music and contests furnished the guests entertainment. During the evening the guests were invited to the dining room where the bride displayed her gifts. Refreshments appropriate for the occasion were served. The out-of-town guests were Mrs. Walter Davis of Connersville and the Misses Nellie Morgan and Marie Looney of Rushville, Mrs. John Morgan and children of Gings and Mrs. Homer Roberts of New Salem.

* * *

Mrs. Lois Gates Corrie, daughter of Mr. and Mrs. Bryon Gates, of Homer, and Earl T. Arbuckle, son of W. E. Arbuckle, of Shelby county, were quietly married Wednesday afternoon at four o'clock at the Main Street Christian church parsonage, the Rev. L. E. Brown officiating. The bride is very well known in the Homer vicinity, having been a graduate of the Homer high school, and also of Hanover college. Mr. Arbuckle, for the past few years, has been engaged as a road contractor with the firm of Gates, Arbuckle & Brown. At present they will reside on his farm near Rays Crossing but plans to build a home at Colescott and Shelby streets in Shelbyville in the near future.

* * *

Miss Velma Ronan entertained with a Halloween party Saturday evening at her home near Henderson. The rooms were gaily decorated with fodder, pumpkins, autumn leaves and crepe paper in the colors of black and orange. Several of the guests came masked and provided much amusement for the other guests. The guests were the Misses Ruby Selby, Dorothy Sellem, Earl Fish, Chase Rollands, William Fisher and Mr. and Mrs. Dale Ronan, all of Connersville; the Misses Margaret, Florence, Thelma and Zelma Shaeffer, May Haywood, Mabel DeMoss, Ruth and Lora Bogue, Bertha Ward, Elva Turner, Stella Irvine and Omer Cooley, Ralph Haywood, Elmer Wilkinson, Melvin Henley, Howard Souder, Don and Roy Ward, Nolan Bogue, Lot Newhouse and Loren Beckner. Delicious refreshments were served consisting of sandwiches, doughnuts, pumpkin pie and cider.

* * *

The Misses Harriet Lee and Rebecca Endres entertained several of their little friends Wednesday evening with a Halloween party at the home of their parents, Mr. and

Mrs. I. Lee Endres, in North Harrison street. The home was gaily decorated for the occasion with pumpkin faces, witches, black cats, and other Halloween emblems and formed a very pretty setting for the party. Games and contests were enjoyed during the evening and readings were given by Mary Estelle Compton and Bonnie Jean Beale. The evening was closed with the serving of refreshments and the presentation of gifts to each guest by a witch. The guests included children from two to seven years old, and were Joanne Harrold, Gertrude Saddle, Betty and Clark Fleehart, David and Bobby Maury, Mary Estelle Compton, Bonnie Jean Moore, Katherine Casady, Bonnie Jean Beale, Billy Winship, Annabelle Ball, Janet Maury, Jean Norris, Jane Griesser, Marjory Ann Wilson, Donald Wilson, Helen Jordan and Jamilla Bradley, all of this city, and John Green, of Fort Smith, Ark.

* * *

Mr. and Mrs. Leon McDaniel entertained at their country home, Wednesday night, thirty Pythian Sisters as their guests with a Halloween party. The house was decorated in a most unique manner with pumpkins, Jack-o-lanterns, and corn fodder, all of which gave a spooky spirit for the occasion.

New Pajamas

The very newest pajamas are made with low waisted blouses gathered on a wide belt at hip-length. The fashionable lines, as you will note, are most attractive in pajamas, too. Heavy tub silk for women who always like silk, fine muslins for women who prefer them—and with the advent of cold weather, fine white cutting flannel

Contesting games of various kinds were carefully carried out and prizes were awarded. Fortune telling and other games were played, and all of the guests took "an oath" to tell the truth, nothing but the truth, and it was said to be surprising to see how few told the truth. The series of games ended with an old time spelling bee, in which Edna Dagler won the pumpkin as the champion speller. A bountiful supper was served and enjoyed in the earlier part of the evening, including sweet cider, ginger bread and pumpkin pie. Mrs. Jennie Young of Sabina, O., sister of Mrs. A. W. Wilkinson of this city, was a guest.

* * *

Mr. and Mrs. Charles Stucker, living east of the city, are entertaining this week, Mr. and Mrs. Ray Lawson of Indianapolis and Miss Ethel Caplinger and brother of Versailles, Ind., and Elwin Rork of Osgood, Ind.

"The small traders and workers are poor, but the German peasant is happy, as well as the big land-owners who are the best agents of militarism.

"The Socialists and Democrats generally understand that it is necessary to give us satisfaction, but others who possess the German fortune or have put it away in foreign banks, can pay and flatter refuse.

"A strong government could force them to pay, but none has had the courage to get rid of the bureaucracy, which is still poisoned with the imperial spirit.

"The anarchy that existed and was latent before the Ruhr was occupied has naturally been aggravated because foolish resistance until today there is even the menace of disruption.

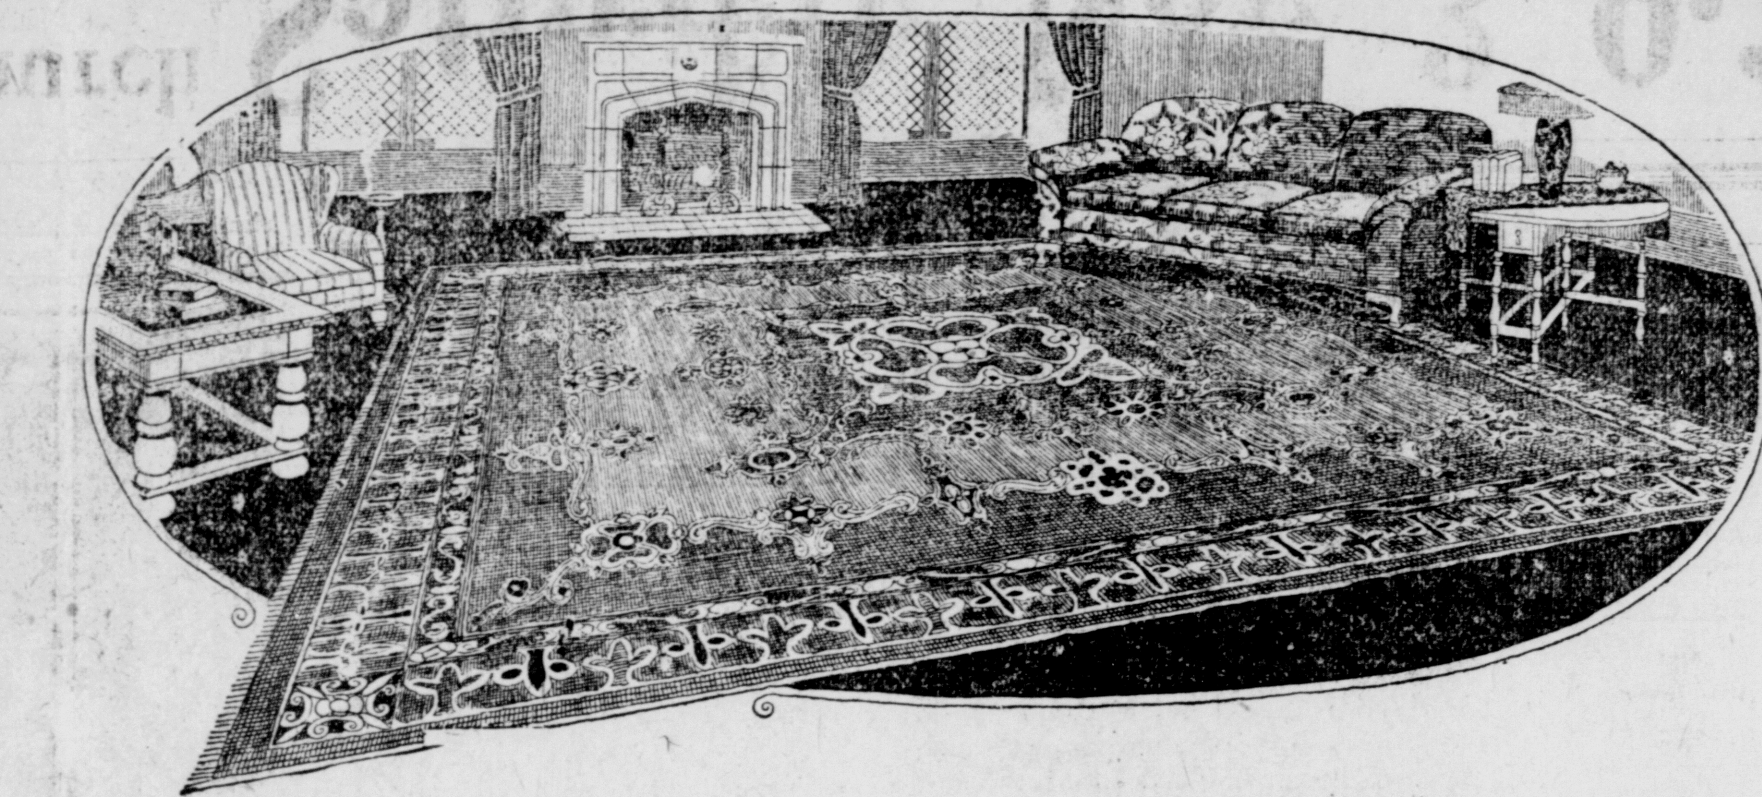

"This obstinacy forces us to keep our guarantees until total payment is made."

"In the Ruhr, the industrialists are negotiating for a resumption of payments in kind; but we are dealing and will deal only with those who do not propose agreements which will prejudice the workers.

"Our conditions simply aim to force the German employers to take from the huge profits they made in 1919 a share for reparations, while avoiding conditions that might keep the workers unemployed.

German Coalition Slipping

By CARL D. GROAT (U. P. Staff Correspondent)

Berlin, Nov. 1—Chancellor Gustave Stresemann's patchwork coalition appeared slipping toward a downfall today. All signs indicated the coalition soon will be replaced either by a reactionary regime or an actual dictatorship, probably with Stresemann at its head.

It was freely forecast that if the

Chancellor fails to persuade the Socialists to abandon their demand that he lift the limited stage of seige decree and the Socialists leave the cabinet, Stresemann will not regret their departure.

The chancellor, it was stated, is ambitious to rule without Socialist aid.

Should today's negotiations to save the coalition government succeed there was every indication its fall only be averted temporarily.

A crisis in the near future was considered inevitable.

All Over Indiana

Kokomo — School children playing along a road near here found two bottles of liquor concealed in a ditch. Later, they reported, a "portly gentleman" made a vain search for half an hour.

Upland — A third ticket, composed entirely of women, will be voted on at the town election Nov. 6. The women are known as the Independents and have a four-leaf clover for their emblem.

Vincennes — A monument at the grave of Gen. Washington Johnson, in Greenlaw Cemetery, was unveiled by Masons of the city recently. Gen. Johnson was the founder of Masonry here as well as of the Grand Lodge in Indiana.

Fairmount — Albert C. Kelly, business man here, has sued his wife for \$5,000 damages. He alleges injuries were received at the hands of his father-in-law and his wife when he was assaulted by the former.

Indianapolis — In his wrath over being charged one cent too much in a chile parlor here Barney Cavanaugh, Louisville, Ky., hit the restaurant manager, and his waiter, threw a peanut vending machine through the cigar counter and broke a window. Police, who took Barney in tow, said they found part of a bottle of Barney's "inspiration" in his room.

TURKEY MARKET TO BE LOWER THIS YEAR

Preliminary Survey By Chicago
Dealers Reveal Decline In Price
For Thanksgiving

BIG QUANTITY IN STORAGE

Chicago Nov. 1—Your Thanksgiving turkey will be lower this year than last, according to a preliminary survey of the market. Chicago dealers informed the United Press today. This is because the reserve stock of cold storage turkeys is nearly three times the 1922 figure.

Figures supplied to Swift and Company, one of the big packers, shows that on October 13, 1922, by the department of agriculture turkeys in cold storage totaled 2,645,000 pounds while on October 13 this year the stocks totaled 6,337,000 pounds.

Wholesale prices last October 13 ranged from 35 cents to 53 cents a pound while this October 13 the prices range from 33 cents to 46 cents.

C. H. Weaver and Company, one of the largest dealers in "turkeys on the hoof" in the country, forecast lower prices, due to the overstocked condition.

"Last year growers and dealers dumped a vast supply on the market, with the result that the supply was greater than the demand," the company told the United Press. "That means lower prices this year."

The Swift Company has issued a bulletin pointing out to turkey raisers that "reasonable prices" must obtain if their stocks are to be disposed of during the holiday season.

German Children for 142 Days

Chicago, Nov. 1—A campaign to raise approximately \$6,000,000 in the United States to feed 2,000,000 German children for 142 days, starting November 6 was announced here today by General Henry T. Allen, who commanded the American forces of occupation in Germany.

General Allen is chairman of the American committee for the relief of German children, recently organized. He arrived here today to launch the campaign.

The actual relief work will be carried on by the American Society of Friends, a Quaker organization which now is carrying on relief work in many parts of Europe.

WILTED PLANTS ARE POISON

Stocks of Sorghum, Sudan or Johnson Grass Dangerous to Animals

Lafayette, Ind., Nov. 1—A. A. Hensen, of the Purdue university agricultural extension department, today issued a warning against feeding sorghum, Sudan or Johnson grass that has been wilted by frost to livestock.

Poisonous acid develops in the wilted stocks, Hansen said, which may prove fatal to livestock.

The loss of several cows by an Orange county farmer was investigated by Hansen recently. Symptoms following eating of the poison are drowsiness and short breath, followed by staggers and extreme weakness.

Recent frosts have wilted much of the second growth sorghum and care should be exercised that grazing animals do not have access to the dangerous substance, Hansen said.

MASONIC MEMORIAL CORNERSTONE LAID

Before Distinguished Audience Cornerstone of George Washington Memorial Is Put In Place

PRES. COOLIDGE ATTENDS

Alexandria, Va., Nov. 1—Before a distinguished audience, which included President Coolidge and former President Taft, the cornerstone of the George Washington Masonic memorial was laid here today.

Historic Alexandria, where Washington attended church and presided over the Masonic lodge, lived again today in the times when the first president was a familiar figure in its homes and on its streets.

The Masonic memorial, to be erected at a cost of millions, contributed by Masons all over the United States, will stand on the site of the lodge room in which Washington conducted Masonic lodge meetings.

Charles H. Callahan, Alexandria, Deputy Grand Master of Virginia, laid the cornerstone, assisted by Grand Masters from each State in the union. More than 20,000 Knights Templar and Blue Lodge Masons are expected to take part in the parade, in which every Masonic jurisdiction will be represented.

Tonight a banquet will mark the conclusion of the program. James H. Price, grand master of Virginia, will be toastmaster.

NO IMMEDIATE HEARING

Indianapolis, Ind., Nov. 1.—No immediate hearing of a petition for receivership for the Indiana assets of the National Motors Corporation, a Delaware concern, with their main plant here, will be held, Superior Judge M. LOOK at the way Goodyear Tire prices have been kept consistently lower than the average for all commodities. Then think of the improvements represented by that finest of all Goodyears, the new Goodyear Cord. Despite this, prices are 37% lower now than in 1920, and 30% lower than in 1914. This is the time to buy Goodyears.

As Goodyear Service Station Dealers we sell and recommend the new Goodyear Cords with the beveled All-Weather Tread and back them up with standard Goodyear Service.

PUBLIC NURSING HAS BECOME NECESSARY

Miss Caskill States Public Nursing Is Not For Poor Alone But To All Classes Of People

STEADY EXTENSION IS SEEN

Indianapolis, Ind., Nov. 1. — Public nursing has become as necessary if not more so, to communities as public schools, Miss Ina Caskill, director of the division of public health nursing declared here today.

"Public nursing is not for the poor alone," Miss Caskill said. "The 250 nurses in Indiana are subject to the call of all classes of people. While, of course, our greatest work lies among the poorer classes, we are employed to aid anyone who is ill."

Cities and towns are more ready to see the usefulness of a public nurse in the community, she explained. Rural communities, hard hit by the agricultural depression, have curtailed activities of the nursing service. However, Miss Caskill, felt that this condition was only temporary and that when times becomes better in farming communities, they would again employ public nurses. Growth and extension of service in cities has been steady, "without flurries," Miss Caskill said.

"In 1915, there were only eight cities with public nursing service," she said. "Today, forty cities and towns in the state are equipped to fight disease."

"At present, we have nursing service in at least 40 counties. At one time, before the depression, in farm products, we had service in 56 counties."

PROSPECTS FOR BUSINESS GOOD

Continued From Page One

The freight car surplus is below normal, indicating the increase activity of cars, and this is made more significant by the report of a larger proportion of freight cars in serviceable condition. Building permits for September, 1923, were \$11,000, 900 greater than for the same month of 1922.

In a recent resume of factors upon which to base the opinion that there will be sustained industrial activity, President Julius H. Barnes, of the United States Chamber of Commerce recently enumerated the following: Largest pig iron production, largest - cotton consumption, largest steel ingot production, largest crude oil production, largest automobile and truck production, largest residence construction, largest production of locomotives, largest volume of mail order sales, largest volume of retail sales, and largest volume of railroad car loadings.

Of course, the situation is not without its disappointing features. The wheat farmers have some company in the oil producers who are suffering the steady decline of prices, due to surplus production, as in the case of wheat. Lower gasoline prices will tend to increase the consumption and help to reduce the surplus.

In no section of the country is there any complaint of unemployment. In fact, the complaint is that there are not men enough to do the work and there is clamor for the lowering of the immigration bars, a demand which seems to make no appeal to the administration. The people of the country not having engaged in any extravagant buying at high prices, there is no danger of a "buyers strike" to start an industrial reaction.

MOTORCYCLE IS ABANDONED

Glenn A. Scott of Muncie Here Seeking His Machine

Glenn A. Scott, owner of a motorcycle store at Muncie was in Rushville Wednesday afternoon searching for a motorcycle belonging to his firm, which was said to have been abandoned by the rider, at a farm house two miles south of here. He was unable to locate the machine.

According to Mr. Scott, about seven weeks ago he sold Brown McDaniel of Muncie a motorcycle, and a small deposit gave McDaniel the right to have it. A few days later, Scott was notified by mail that the machine had gone "dead" and was left at a farm house two miles south of Rushville. According to Scott, the machine was a new Harley-Davidson, and did not have a side car or lights, and he will welcome any information as to its location.

SAYS WATSON IS

Continued from Page One
not intend to take the lead in coming out as a rival to Mr. Coolidge, but that if Mr. Coolidge is going to have rivals he is going to feel free to be among them.

It happens that locally he is better situated for a presidential endeavor than he was in 1920. He then put forth a feeler toward getting the Indianapolis delegates to the Republican national convention. He was checked by the Governor Goodrich-Hays-New faction.

At that time that faction was in control of the Indiana State Republican organization. Two years later the Watson faction gained the upperhand. It is credited today with still possessing a majority in the Republican State committee.

Watson's friends are inclined to hope that harmony therefore will prevail and that if Watson comes forward as a candidate he will have behind him a reasonably united Republican Indiana party organization strength.

This hope is not entirely verified by the talk of Watson's Republican factional enemies, but Watson's friends are trustful that they can bring about a certain cessation of internal Republican strife here and can go to the national convention with an enthusiastic Indiana Watson delegation.

Their own enthusiasm and determination are unquestioned.

Indiana is thus fitted out with a Democratic presidential favorite son in the person of Senator Ralston and a Republican presidential potential—delightful to some and distressful to others—for the Republicans.

The organized labor element here has been in large part strongly opposed to Watson. He is regarded by the element as a capitalistic standpatter. It never has been able, however, to halt his career.

He has much strong support from among manufacturers and other business men. He is far from rich, but he would have many friends who would willingly subscribe to the necessary expenses for a campaign to promote his candidacy.

He is very skillful in "whooping

He would run as a rock-ribbed Republican, favored by considerable business interests, equipped with a reasonable campaign fund and impelled by a band of followers who regard him as the modern Republican plumed knight after the order of James G. Blaine.

They contemplate his candidacy devotedly and emphatically.

ONE OF THE HELP

Chicago, Ills., November 1. — Glenn E. Holmes, wealthy automobile agency owner, today was just one of the help.

Holmes has turned his business over to his 115 employees until March 1, 1924. The workers will divide the profits made during that time.

Tonight Holmes will announce similar plans for his Milwaukee agency, where he employs 65 men.

Holmes said it was a business experiment. He believes his employees will "pep up" under the influence of the profits.

QUICK RELIEF FROM
CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel. Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers. Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative. No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They force them to unnatural action. If you have a "dark brown mouth"—bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime. Thousands take them every night just to keep right. Try them. 15c and 30c.

Because of Ill Health—Tells How She Found Relief by Taking Lydia E. Pinkham's Vegetable Compound

Burlington, Iowa.—"I used to dread the time for my monthly period as it came every two weeks and lasted for two weeks, and during that time I would have the blues and cry. Since I have taken Lydia E. Pinkham's Vegetable Compound I am so happy I can hardly express myself. I have gained several pounds and look fine. I have recommended your medicine to my friends and you may publish my letter as a testimonial. I hope your medicine will give others the relief it did me."—Mrs. RALPH GAIL, 2021 Des Moines St., Burlington, Ia.

Lydia E. Pinkham's Vegetable Compound is a medicine for ailments common to women. It has been used for such troubles for nearly fifty years, and thousands of women have found relief as did Mrs. Gail, by taking this splendid medicine.

If you are suffering from irregularity, painful times, nervousness, headache, backache or melancholia, you should at once begin to take Lydia E. Pinkham's Vegetable Compound. It is excellent to strengthen the system and help to perform its functions with ease and regularity.

Coogan In Stellar Role

As the engagement of little Jackie Coogan in "Oliver Twist" draws near its close at the Princess Theatre, today the impression gains strength that this is one of the biggest and most notable picture products yet created for the screen.

Not only in the "size" of the production, but in its "intimacy," is art value being recognized; not only does it appeal to the youngsters, but to the matured as well.

It seems to be as nearly perfect as a good picture play can be, an entertainment for everybody. Even the pedant and library bookworm, for whom the theatre usually exerts but the slightest influence, is concerned with "Oliver Twist" to see in what manner the literary spirit of Charles Dickens is set forth upon the screen and by what processes of elimination the narrative as composed by the immortal novelist have been applied to reduce the story matter to the limits of a screen presentation.

That Frank Lloyd, in making the adaptation, has employed the rarest judgment and keenest sympathies is unanimously agreed by the patrons; that the production is all that was claimed for it is likewise agreed

and that little Jackie Coogan, the bright star of a brilliant aggregation of players, is at the very apex of his matured yet youthful art is overwhelmingly conceded.

Lon Chaney, Gladys Brockwell,

George Seigmann, Lionel Belmore, Edouard Trebol, Joan Standing, James H. Marcus, Aggie Herring, Carl Stockdale and Eddie Boland are but few of the many distinguished players to give Jackie ideal support in this his first "superproduction" for Associated First National Pictures, Inc.

At Mystic on Friday

Nancy Deaver, who plays the featured role of Jeess Uek in S. E. V. Taylor's production, "The Mohican's Daughter," a stirring romantic drama based on Jack London's story, "Jeess Uek," is a young Australian miss and one of the screen's most recent "finds." In her very first appearance on the screen, Mayflower's "The Law of the Yukon," she had the biggest role. Following this she appeared in opposite Eugene O'Brien in "Chivalrous Charlie," then opposite Wilfred Lytell in "The Wolf's Fangs."

When S. E. V. Taylor was casting "The Mohican's Daughter" he found himself in a quandary. It might here be interpolated that Mr. Taylor is a stickler for realism and not only wants actors who can act but actors who can look their parts. The casting of "Jeess Uek," is what stumped him. As fast as names of actresses apparently suitable for part came to mind he sent for them and made tests. Three thousand feet of film was so exposed without satisfactory result. Then someone told of having seen Miss Deaver in one of her pictures. Mention of her name recalled to the director's mind praise he had heard of her work. She was sent for, and immediately upon seeing her Mr. Taylor breathed a sigh of relief. Nancy Deaver was engaged on the spot.

This picture shows Friday only at the Mystic.

Why Mothers no longer fear Child-birth

A N eminent physician has shown why there is so much useless suffering on the part of many expectant mothers, for months before baby comes, as well as when baby actually arrives.

This same great doctor found the way to avoid much of this suffering. Mother, your baby's nerves, its whole structure should be free from any influence caused by your months of useless misery and pain. You yourself can be free from much of it. Here is a little message to all expectant mothers:

Mrs. Ida Milton, 108 N. Tremont St., Kansas, Ill., says: "I am forced to say something in regard to your wonderful 'Mother's Friend.' Just one application gave me such relief I could hardly realize I was in pregnancy. Before I used it I was suffering with pains all over, and today, I am able to do my housework with all ease and without pain."

SHALL NOT NAME REPARATION SUM

Expert Advisory Committee Will Not
Be Permitted To Set Amount
Of Debt Poincare Asserts

IS ANXIOUS FOR AN ACCORD

French Do Not Want To Be Trapped,
Premier Says Emphatically
—Will Not Give Up Guarantees

By JOHN DEGANDT
(U. P. Staff Correspondent)

Paris, Nov. 1.—"It is not time to change our policy and we will not change," Premier Poincare declared today in an important discussion of the reparations tangle at the unveiling of a monument to French war dead at Nevers.

The expert advisory committee must not set the amount of the German reparations debt, he reiterated.

"We are anxious as soon as possible to solve in full accord with our allies the question of reparations, in which we are more interested than anybody, but we do not want to be trapped," Poincare said emphatically.

"We will not abandon our rights nor give up guarantees we have taken. We will not tear up the treaty signed by so many nations."

"We agree to an investigation of what Germany can pay now or during a short lapse of time. This is the function of the reparations commission, helped by any experts they may appoint."

"The reparations commission is also entitled to frame new ways of payment and to try to find means to restore German finance; but we must not ask them to disavow the decisions regarding the amount that is our due, nor fix definite payment for the future."

"How unjust and perilous it would be if tomorrow Germany were freed from further debt, only to return within a few years to humiliate and crush us once more."

"France confidently signed the treaty of Versailles, though it was not very satisfactory because others promised their aid in the event of future aggressions; because, also, we were promised reparations for all our damages; but a few months later the finest stones in the building collapsed."

"Germany also perceived that the longer she was able to delay fulfillment of her obligations the more difficulty it would be for the allies to continue their policy of solidarity."

"She systematically organized her bankruptcy before France had ever decided to enter the Ruhr."

"The country itself is not poor; it is the state and the middle classes. Germany's immense resources have

FALSEHOOD, CHARGES FORMER U. S. OFFICIAL

Ewing LaPorte Denies Arbitrarily
Raising Rental of Farm in Veterans Bureau Probe

LAST DAY OF WILSON REGIME

Washington, Nov. 1.—A flat charge of falsehood in reply to testimony that he had arbitrarily raised the rental of the farm of E. L. (Liv) Morse at Excelsior Springs, Mo., from \$77,000 to \$90,000 on March 3, 1921, was made by former Assistant Secretary of the Treasury Ewing LaPorte before the senate committee investigating the Veterans' Bureau today.

"That isn't true—if they testified to that it isn't true," declared LaPorte. "It's probably a deliberate falsehood—I think it is."

Previous witnesses had told the committee LaPorte had rushed the offer of terms to Morse through on the last day of the Wilson administration.

The efforts of the senate committee were bent today to the solution of the many mysteries which have already gathered about the probe.

After six days of hearings extending over a period of nearly two weeks, the committee was beset with unanswered questions at the heart of every phase of its investigation.

MRS. RACHAEL KNOTTS DIES

Expires At Home Of Her Brother
In Washington Township

Mrs. Rachael Knotts, age seventy-three years died, at the home of her brother, George Rider, in Washington township Wednesday evening, after an illness of several weeks. Mrs. Knotts formerly lived in Madison county, north of Anderson, but had been making her home with her brother since her husband's death. Mr. Knotts was related to the Knotts family residing in this county. The deceased was a resident of Madison county for forty-three years.

Mrs. Knotts is survived by one brother and two sisters, Mrs. D. O. Trissel of Indianapolis and a sister living in Marion, Ind. She was also a sister-in-law of Dr. R. J. Hall, living northeast of Rushville.

The funeral services will be held at the Rider home Friday morning at 9:30 o'clock and burial will take place in a cemetery north of Anderson, in the community where Mrs. Knotts formerly lived.

HALLOWE'EN NIGHT IS PASSED QUIETLY

Few Acts of Vandalism Reported on
Night of Celebrating—Masqueraders on Streets

ONE FALSE FIRE ALARM

Hallowe'en night passed in Rushville as one of the quietest on record with little trouble reported, and with the people who were masked on the downtown streets, being one of the most orderly crowds ever handled by the police.

Orie Blackburn, police chief, said that not a single call or complaint was sent to police headquarters during the evening's celebration, and very little vandalism was evidenced in any part of the city.

"The fire department could not pass by a Hallowe'en without answering a call, and shortly after one o'clock this morning a run was made to box 37, Third street and the Big Four railroad, but the alarm was false."

Aside from parties in all parts of the city, the skating rink reported a good crowd at their masked affair, and also a dance at the Modern Woodman hall proved a good drawing card. The usual crowd of children and grown-ups made up a strolling party in the business district. The chilly weather sent the masqueraders home early, and the weather also is believed to have been responsible for little vandalism.

WALTON'S PLEA FOR A POSTPONEMENT DENIED

Oklahoma Senate, Assembled as
Court of Impeachment, Votes He
Shall Make Plea This Afternoon

MUST ANSWER TO CHARGES

Oklahoma City, Okla., Nov. 1.—Hearing of charges against Governor J. C. Walton was postponed until 1:30 p. m., today when the state senate assembled as a court of impeachment.

The recess was taken on request of attorneys for Walton. They asked for postponement of ten days, but the senate voted that the governor should make his plea this afternoon. The governor was called to appear before the senate sitting as a court of impeachment to answer charges of "gross abuse of official powers involving moral turpitude."

As the curtain lifted on what may be the last act of the most stirring ten months of drama in the history of any state, the government contended that the Ku Klux Klan was responsible for his difficulties and declared the legislature was controlled by that organization.

Taking his seat in the governor's chair the first of the year, surrounded by one hundred thousand acclaiming supporters, Walton today faced the court of last resort with only a handful of loyal friends at his side.

Zach Muhlall and Buck Garrett, whose names are linked with close to a half a century of law enforcement history in Oklahoma, were ready to accompany the governor and his hired attorneys to the senate chambers.

HOT POTATOES

PROSPECTS FOR BUSINESS GOOD

Confidence in Future Based on Fact
That Great Many People Are
Over-Cautious

LESSON OF 1920 IS NOT LOST

Although Wheat Farmers Are in Bad
Condition, Reports Show Others
Are Improving

(Special to The Daily Republican)
Washington, Nov. 1.—Probably one of the best reasons upon which to base confidence in the immediate business future of the United States is the fact that a great many people are a little weak in their confidence. Because of this lack of confidence, they have been over-cautious, and the financial situation has none of the weak spots that made the slump of 1920 so drastic. Prior to the 1920 depression, all lines of industry had been running at full capacity and retail merchants, confident of the future, had loaded their shelves with goods bought at high prices. When the Wilson Administration, in the effort to fulfill its promise to cut the cost of living, started the deflation program, every feature of the situation was exactly right for destruction. Not only the merchants but farmers were carrying huge debts which their creditors called upon them to pay. Liquidation meant heavy losses.

The lesson of 1920 has not been lost. According to all reports, retail merchants have been buying cautiously and in quantities such as they can reasonably expect to turn over without loss. Although the wheat farmers are in a bad position, other farmers are prosperous. The agricultural loans made through the War Finance Corporation have been reduced from \$350,000,000 to about \$100,000,000. Loans from banks have been reduced and the farmer's interest burden lightened. Savings banks accounts have increased throughout the country, in farming regions as well as in industrial centers. The people of the country have been providing resources against a period of adversity, and this makes all the more unlikely the occurrence of such a misfortune.

Current trade reports show freight car loadings at the present time more than 18 percent greater than at the same time last year, the increase being recorded in every class of commodities except coal and coke. The largest increase is in forest products, which indicates a continued use of timber in construction.

COLD CUTS THE ATTENDANCE

C. M. Trowbridge's Durco Hog Sale
Attracts Fair-Sized Crowd

C. M. Trowbridge's annual Durco hog sale attracted a fair-sized crowd to the Trowbridge farm near Mays Wednesday, but the attendance was not as large as in past years, due largely to the extreme cold weather for this season of the year, which kept many people at home. The auctioneer, however, said that it was the largest crowd present at any sale he had attended this fall.

The fifty-one head of pure-bred hogs averaged \$28 a head, the average price paid for the gilts being very little higher than the price other hogs on the auction brought.

PROBE GOES OVER UNTIL NEXT WEEK

Grand Jury Investigation Of Gov.
McCray's Affairs Adjourned At
Noon Today

ELMER W. STOUT A WITNESS

Indianapolis Bank Head And Six
Other Bankers Before Investigators This Morning

(By United Press)
Indianapolis, Ind., Nov. 1.—Elmer W. Stout, president of the Fletcher American National bank, was one of the witnesses called before the Marion county grand jury today in the investigation of Governor McCray's financial affairs. The bank is one of McCray's heaviest creditors.

Seven witnesses appeared during the morning session. All were bankers. The number of witnesses was the largest called on any single day since the probe started. The investigation adjourned at noon until Monday morning.

Attorneys for Governor McCray were ready today to launch their legal battle to block bankruptcy proceedings against the governor.

Judge A. B. Anderson was expected to take up today a motion filed by James W. Noel and George Barnard, counsel for the Governor, asking that the petition for involuntary bankruptcy filed by three Fort Wayne banks be referred to a referee in bankruptcy.

The motion also asks that question of whether the governor's chief occupation is that of a farmer be taken up before the grand jury.

SAYS WATSON IS TO GET INTO RACE

Indiana Correspondent Of New York
Mail Asserts Hoosier Senator Is
Ready For Action

IF OTHERS ENTER CONTEST

Difficulties Within His Own Party
More Composed Than They Were
During Last Campaign

William Hard, staff correspondent of the New York Mail, writing from Indianapolis, ventures the opinion that Senator James E. Watson of this city will be a candidate for the republican nomination for president of the United States next year, providing other candidates come out against President Coolidge and also predicts that the Indiana senator has better chances of success than he had in 1920, when he was discussed as a candidate, because difficulties in his party in Indiana are more composed. Mr. Hard says:

There is absolutely no doubt here among informed Republicans that if Hiram Johnson, or Gifford Pinchot, or anybody else comes out as an avowed candidate against President Coolidge for the republican nomination next year, the ranks of contestants for White House honors will be swelled by the large presence of James E. Watson, Indiana's senior United States senator.

Watson's worshippers here are not only in favor of Watson for our next President, but are quite at a loss to understand why the country did not make him President long ago. They regard him as a Republican hero beyond compare.

They will admit that there are other men who are great, but they will not admit that there is anybody comparable to Watson as a banner bearer of militant Republicanism. He is their Napoleon, and they will go to Chicago or Moscow or anywhere else for him.

They expect both Johnson and Pinchot to declare against Coolidge, and will regard either of these declarations as a signal step forward with a declaration for Watson the wonderous.

The intensity of this feeling is well known here. It is also well known that it does not seem to die down among those who have conversed with Mr. Watson himself.

The best conclusion from all the evidence is that Mr. Watson does

PULPIT, PICTURES LINKED

"Drugs And Dece" Sermon to be
Followed by "Human Wreckage."

The pulpit and motion pictures as educational agencies will be linked up together next week when the Rev. L. E. Brown, pastor of the Main Street Christian church, preaches at the Princess theatre Sunday night on "Drugs and Dece" and the motion picture, "Human Wreckage," a picture showing the evil of habit-forming drugs, is shown at the same theater Monday and Tuesday nights.

The sermon is the first of a series to be given one Sunday evening each month during the winter at the Princess. The pastor of the church has the backing of the official board in the enterprise, the board having voted unanimously for him to preach at the theatre once a month.

The management of the theatre is co-operating in the movement by arranging for the showing of the picture following the sermon. The picture was made by Mrs. Wallace Reid, following the death of her husband, who was a victim of "dope" as a part of her fight against the drug traffic.

MORE FUNDS TO FIGHT RUM RUNNERS LIKELY

Will Be Outgrowth of Proposed
Treaty Extending Three-Mile
Limit to 12 Miles

MAY NOT BE VALID, NEW CLAIM

(By United Press)
Washington, Nov. 1.—A recommendation for more funds to provide ships and money to block the activities of rum runners off American coasts probably will be made to the next congress as the result of the virtual agreement between the American and British governments for a treaty on the liquor question; it was said on high authority at the treasury department today.

Doubt as to whether the proposed treaty between the United States and Great Britain for the extension of the three mile limit to 12 miles and allowing British ships to bring liquor into American waters will be valid was expressed by department of justice officials here today.

These officials were inclined to think that the validity of such a treaty, which would overturn an opinion of the Supreme Court on a question of a law which the court previously has upheld, is not at all assured.

FORECLOSURE OF A MORTGAGE IS SOUGHT

Willard H. Amos Files Second Action
Within Week Against Edgar
M. Thompson Et Al

EMMA GORDON WILL PROBATED

Willard H. Amos is plaintiff in a suit filed in court today against Edgar M. Thomas, et al, the complaint being on a note and for the foreclosure of a chattel mortgage. The suit is similar to the one filed this week by the same plaintiff which involved \$8,000 in notes.

In this complaint, the plaintiff alleges that the defendants negotiated a loan of \$1,350 and secured the loan with a chattel mortgage with a corn crop and hogs on the Irma Mitchell farm, and the plaintiff asks that the mortgage be foreclosed to satisfy the remainder due on the principal, and for which \$750 is demanded.

The will of Emma Bordon has been probated in court, and in the list of beneficiaries the St. Paul's M. E. church of this city is bequeathed \$50. The residue of the estate is left to three cousins, who were the deceased's nearest relatives. Clyde M. Wilson, a cousin, was requested to be named executor. The will was dated October 26 of this year.

The regular monthly meeting of the G. A. R. will be held Saturday afternoon at two o'clock in the Grand Army room at the court house, and all veterans of the Civil War are urged to attend the meeting.

ASKS PAYMENT OF A \$500,000 LOAN

State Highway Commission Calls On
Finance Board For Money Advanced To General Fund

CONTRACT PAYMENTS DUE

State Funds So Depleted That Call
Has Been Sent To County
Treasurer For Tax Money

(By United Press)

Indianapolis, Ind., Nov. 1.—The state highway commission today requested immediate payment of a \$500,000 loan made to the state general fund several days ago.

With a balance of approximately \$363,000 and facing approximately \$704,000 in payments falling due on contracts in the near future, the highway body found it necessary to recall at least \$500,000 of the \$1,350,000 owed it by the general fund.

Members of the state board of finance were expected to meet late today to find means of raising the money necessary to repay the \$500,000.

The general fund had a balance on Monday of \$271,312, out of which will be taken today the payroll of about \$140,000 and current bills amounting to nearly \$60,000.

John D. Williams, director of the highway commission, conferred with Robert Bracken late yesterday and informed him of the needs of the commission.

Bracken, it was understood, said the only way to raise the money would be through a bank loan to the general fund.

Last month the highway commission received about \$1,300,000 in gasoline tax collections. Shortly after the money reached the highway commission, a loan of \$400,000 was made to the general fund.

The loan falls due November 10, but Williams informed Bracken the commission cannot wait until then.

Books in Bracken's office show the general fund creditors as follows: Highway commission, \$1,250,000; banks, \$1,750,000; auto theft fund, \$400,000; Purdue University endowment fund, \$340,000.

So urgent have been the demands of the general fund that the state sent a call to all county treasurers yesterday asking advance payment on tax collections ordinarily not payable until Dec. 31.

During the last twenty years state disbursements which represent the expenses of operating the governmental machinery of the state, have advanced from approximately \$8,000,000 annually to more than \$30,000, according to figures compiled by Carl Cue, deputy state auditor.

In 1903 the state spent \$5,913, 875, and in 1923 the expenses reached \$30,483,928.

INCOME TAX FORM 1040 IS TO BE SIMPLIFIED

Good News to Taxpayer Who Had
to Wade Through Six Pages of
Instructions and Questions

FORM MOST TAXPAYERS USE

"Form 1040," which has stumped many an income taxpayer with its six pages of questions, instructions and what not, is to be simplified.

Hereafter, the internal revenue bureau announces, it will consist of a single sheet and will be used in reporting net incomes of not more than \$5,000 derived chiefly from salary and wages. Questions will be on one side of the blank; instructions on the other.

"More than 4,000,000 persons, or approximately 70 percent of those who annually are required to file individual income tax returns," the bureau's announcement said, "are favorably affected by the revision and simplification."

The six-page form will continue in use for taxpayers, any of whose income is derived from business or profession, sale of property or rents, even though the total is less than \$5,000 a year, and for those who have yearly incomes of more than \$5,000, regardless of the source.

CLOVER SEED MOVES SLOWLY

Growers Are Holding For Higher Prices Due to Short Crop And Succession of Advances

RED CLOVER SLOW IN STATE

Comparison of Prices Shows Advance of \$4 a Ton Over Last Year and \$8 Over 2 Years Ago

Growers were not selling red and alsike clover seed freely during the two weeks ending Oct. 16. The short crop and the succession of advances in prices last year from harvest until the following spring have influenced many growers to hold for higher prices. Approximately 25% of the red clover and 50% of the alsike, clover crop have left growers' hands compared with 45 percent and 60 percent, respectively, last year.

Prices have continued to advance, on Oct. 16 being about 60c per 100 lbs. higher for red clover and 35c higher for alsike clover than two weeks ago.

Red clover—Movement of red clover has been slowest in northern Illinois, northern and central Indiana, western Ohio, and northeastern Iowa. The quickest movement has occurred in central Illinois, where prices have ruled higher than elsewhere, southern Idaho, and northeastern Wisconsin. In some sections the movement during the past two weeks has not been large enough to show any difference in the Oct. 2 and Oct. 16 movement figures.

Prices paid to growers on Oct. 16 for clean seed averaged \$20.70 per 100 lbs. compared with \$20.10 two weeks ago, \$16.15 last year, and \$14.20 two years ago. The range was from \$20 in southern and northeastern Wisconsin, northwestern Minnesota, and southern Idaho to \$22.65 in central Illinois. Prices in most sections were higher than two weeks ago but the average increase of 60c was much smaller than during the two weeks' period Sept. 18-Oct. 2, when prices rose \$1.80. Whether the trend will continue upward in the face of larger available exports from European countries than last year is impossible to forecast. Recent reports from Germany indicate that the export demand is very good.

Approximately 66,000 lbs. of red clover, subject to the seed importation act, arrived at New York from France and Belgium during the week ending Oct. 20. About 88,000 lbs. of clover, kind not specified but which may be red clover, arrived at Baltimore from Germany.

Alsike clover—Movement of alsike clover continued to be a little slower than last year. The greatest movement has taken place in western New York and southern Idaho, where 70-80% of the crop has been sold. The slowest movement has occurred in northeastern and western Wisconsin and southern Michigan where 25-40% of the crop is estimated to have left growers' hands.

Prices paid to growers on Oct. 16 for clean seed averaged \$14.55 per 100 lbs compared with \$14.20 two weeks ago, \$13.95 last year, and \$14.40 two years ago. The range was from \$13.30 in southern Michigan and \$13.55 in northwestern Ohio to \$15.85 in central Illinois and southwestern Ohio. Present prices show a greater discount under red clover than last year or two years ago.

CORN CRIBBING

Capacity Approximately 400 Bushels Ear Corn

You can have all the crib room you need and just when you need it with "Pittsburgh Perfect" corn cribbing. The cost is very small, and the desired cribs can be set up without delay.

When the cribs are empty, the fabric may be rolled up and stored out of the way until needed again, or it may be used as fencing for enclosing lawns, poultry runs, gardens, orchards, etc.

"Pittsburgh Perfect" Corn Cribbing is made of all No. 12 1/2 gauge wires, which insures uniform strength and durability. The fabric is electrically welded, making it neat, easily handled, and with a smooth inner surface upon which the corn cannot catch and bear down.

If you are needing crib room, by all means come in and see this remarkably convenient corn cribbing which is priced so that it will save a great deal of money over other kinds of corn cribs.

tion of whether the governor is, actually bankrupt. If the court decides the question of the governor's occupation is to be argued first, his attorneys will then make their main fight on the stand that the governor has always been a farmer and that the fact of his being governor does not alter the situation.

The Fort Wayne banks will contend that McCray is primarily a capitalist and not a farmer in the sense the word is used in the bankruptcy laws.

The Marion county grand jury, after being recessed since Monday, resumed its investigation today. Indication of a widening of the scope of the investigation was seen in Judge Collins' request for a special appropriation of \$5,000 to carry on the work.

At Noblesville, The Hamilton county grand jury continued its investigation into matters connected with the governor's financial transactions.

Governor McCray yesterday sold 69 head of his fine Hereford cattle at an average of \$75 a head. The same stock, the governor said, would have brought as high as \$900 a head a short time ago.

COME TO PARTING OF WAYS

Sen. Couzens And Ford, Former Partners, Criticize One Another

Detroit, Mich., Nov. 1—Henry Ford and United States Senator James Couzens, pioneer partners in the automobile business and long associated in other enterprises came to the parting of the ways today. Addressing the Detroit Republican

club at a dinner, Couzens made no attempt to conceal the fact that Ford had touched him to the quick when he declared "Couzen knew better than to propose a return to old-fashioned beer."

In retaliation Couzen ridiculed Ford's presidential candidacy, questioned his motive in negotiations for Muscle Shoals and defended Secretary of War Weeks for the sale of the Gorgas plant.

YOUR OPPORTUNITY

This is your opportunity to place a New 1924 Model Great Majestic Range in your kitchen at a real bargain.

By all means don't fail to see the NEW MODEL MAJESTIC—it's the last word in modern range construction. Many, many improvements have been added to this already famous range and its graceful stream line beauty will please you immensely. Make it your business to drop in our store at least one day during our

Special Exhibit and Sale of
Great Majestic Ranges
ONE WEEK ONLY
Nov. 5th to Nov. 10th

Ask your friends and neighbors to come with you—we are so delighted with the New Model MAJESTIC that we want everyone to see it. Come whether you buy or not. Let the factory representative, who will be with us all week, show you just how the MAJESTIC is made—inside and outside—show you the true reasons why this wonderful range performs, looks and lasts so much better than other ranges.

FREE--During This Exhibit Only

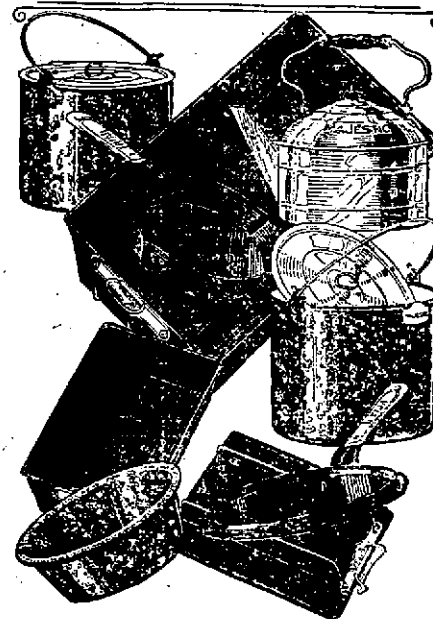

Look at these two fine sets of cooking utensils! Either set may be yours absolutely without cost, just for deciding to buy your Great Majestic Range this week instead of later.

Polished Solid Copper Set

The set illustrated to left is of PURE HEAVY COPPER, highly polished and of exquisite design. Every woman falls in love with it on sight—don't fail to drop in and see it.

Special Majestic Ware

This wonderfully serviceable ware, illustrated below, is well known by thousands and thousands of Majestic Range users, it is the highly prized, extra heavy, old time Majestic Set, the same as furnished before the war.

Let the factory representative give you the opinion of an experienced expert. He will show you the many features of the new Majestic that have gained for it the proud position of being the most dependable and beautiful range in America.

Reputation in a range is something to be carefully considered before buying, for reputation is made up of tests successfully passed.

Choose the style of new MAJESTIC that meets your individual need and preference, the practical, durable, economic and matchless cooking qualities that have always distinguished the MAJESTIC ranges are the same in every type. In addition to its superior working qualities, the new MAJESTIC, by its handsome design and graceful artistic appearance, gives a touch of beauty to any kitchen. It is not only the best range to work with, it is the best to live with.

TAX COLLECTIONS IN SLUMP

Fail to Hold up to Record For Fall Installment Set Tuesday

Tax collections slowed up considerably Wednesday, following the record for the fall established Tuesday, and receipts at the county treasurer's office amounted to only \$23,721.57, which was \$17,000 less than the day preceding. A large sum is being paid by mail daily, many taxpayers sending blank checks and self-addressed, stamped envelopes to the county treasurer for the return of the receipt.

Collections on the fall installment up to the close of business last night totaled \$284,319.04, which left approximately \$160,000 to be paid during the four days of the taxpaying season remaining. This means the collections will have to average \$40,000 a day.

The treasurer's office will be open Friday, Saturday and Monday nights.

MERCURY HITS SLUMP AGAIN

Lacks Two Degrees of Reaching Low Mark Tuesday Night

The mercury hit a slump again last night, according to Elwood Kirkwood at Maunzy, who reported that the lowest reached during the night was 20 degrees above zero, which came within two degrees of being as cold as the night before, when the low record for the winter was reached.

The prediction for tonight is fair, followed by increasing cloudiness Friday, and warmer temperature is in sight for the next few days.

The lowest recorded last night at Indianapolis was 31 degrees, while at Cincinnati the lowest reached during the night was 24 degrees.

THE WHOLE HEART—Blessed
are they that keep His testimonies
and that seek Him with the whole
heart.—Psalms 119: 2.**Show Your Sincerity**The Association Against the
Prohibition Amendment will hold a
conference in Washington next Jan-
uary with the slogan, "Enforce or
Modify." The head of the organiza-
tion says the meeting has been timed
so as to give Federal and state en-
forcement officers a chance to make
good. If by then there has been no
improvement in conditions the con-
ference intends to announce to the
country "the complete failure of
prohibition in the United States."
It would be more than truth to
inform the country that the efforts
of the Association and other citizensof similar mind have been success-
ful in their fight against the law and
the Constitution. Every bootlegger,
hi-jacker, and moonshiner in the
country is actually, if not nominally,
a member of the Association Against
the Prohibition Amendment. They
are the ones who are doing the most
effective work toward attaining the
objects of the Association. It is time
enough for any person or organiza-
tion to condemn the prohibition
amendment after rendering conscien-
tious aid in its enforcement.**Up To Europe**The recently repeated Hughes
suggestion for a settlement of the
reparations tangle is open for ac-
ceptance by the powers concerned.
Matters appear to be going from bad
to worse in Europe, all because of
differences of opinion over the
amount of German reparations and
the time of payment. But it must
be remembered that the Hughes plan
does not include the offer of any ac-
tion by the American Government,
which seems to be what most of the
internationalists are striving to ob-
tain. The plan put forth by Secre-
tary Hughes contemplated the ap-
pointment of an economic commis-
sion to determine the capacity of
Germany to pay. He intimated that
distinguished Americans would be
willing to sit on such a commission,
but gave no intimation that the United
States Government would appoint
them or be responsible for any judg-
ment they might render. The admin-
istration at Washington is as deter-
mined as ever not to involve the
United States in the European situa-
tion, and the Hughes tender of ad-
vice can not be construed as violat-
ing that policy.**Putting "L" in Manila**Some of the self-seeking Filipino
political leaders have declared war
to the finish to obtain independence
for the islands and the removal of
Governor General Wood. The an-
nouncement is not likely to disturb
the equanimity of Gen. Wood or the
confidence of the American people
in his ability as governor. The Fili-
pinos will be given their independence
when they have shown their ability
for self-government. During the lastregime the administration of Philip-
pine affairs was practically turned
over to the natives, with the result
that there was a financial wreck and
gross abuse of official power. It has
taken Gen. Wood months of weary
effort to repair the damage, in the
course of which he has uncovered
numerous shady transactions by the
very individuals who are now seek-
ing control of the islands. Of course
they are anxious to get him out of
the way and resume their former
practices.**From The Provinces****Still Woody Could Write Good One**

ZEY TO ARRIVE ON GROUND TODAY

My Own And In Memorial Already At Latonia Ready For Championship Turf Event

FAIR SKIES FOR BIG DAY

Zev's Legion Of Backers Would Prefer Muddy Track Because He Is Best Then

By FRANK H. GETTY (U. P. Staff Correspondent) Latonia Race Track, Ky., Nov. 1.—Zev, Harry P. Sinclair's crack three year old, is expected here this afternoon, completing the picture that will come to life Saturday when Kentucky hills will echo cheers for the winner of the Latonia championship—and somebody's colt will be crowned undisputed champion of the American turf.

My Own, close guarded in his stall in barn 41, and In Memoriam, which will carry the hope and cash of the western turfmen, are on the ground, ready for battle. Rialto may come to match less vaunted speed against that of the champions but interest still centers in the long anticipated meeting between Zev and Admiral Cary T. Grayson's brown colt.

The weather promises fair skies for the big day; a track that was ankle deep in mud from the rains of early week is drying rapidly to a perfection that will lend no handicap to any of the starters.

Sam Hildreth, trainer of Zev, and the horse's legion of backers would prefer a muddy track. The Sinclair horse is acknowledged master of his class when the going is stickiest. But it looks as though the track, if not fast, will not tire My Own over the mile and six furlongs route. In Memoriam, a McGee colt, should not fear heavy going; his daddy was a fast stepper on slow tracks; but it is agreed by the gathering throng of horsemen, who are drifting into town with their picturesque talks of handicaps and hooftats that a fairly fast track offers the best test of the three champions' respective ability.

Indications today were that it would be a rather open race. Zev, which stopped to pick up a few more thousand for Sinclair at Empire City yesterday, probably will be the favorite on form. My Own's backers are bound to be legion, however for it seems that as a matter of sentiment alone a majority prefer the Grayson colt.

The men from the west will back In Memoriam. Bob Gilmore, the trainer, declares his horse in finest fettle for Saturday's test. In Memoriam showed this by stepping three quarters on a decidedly heavy track in 1:15.

There seldom has been a caliber of the championship for which a purse of \$50,000 has been added—in which owners, trainers and backers of three horses were as assertive of certain victory. Unless the race ends in one of those triple ties such as was run in England the other day, somebody is going to be proven guilty of over-confidence. Turning from one little group at the track where Zev is given as the "sure thing," one can choose between two others, or two hundred others, where the pre-race dope equally favors My Own or In Memoriam.

Col Matt Winn who is staging the championship and who persuaded Sinclair and Grayson to send their horses and have the awaited testimony in the appropriate Kentucky setting was snowed under today with telegrams from different parts of the country, especially the east announcing folks who are on their way here.

A crowd expected to number between 40,000 and 50,000 will see the race. Bernard Baruch and Admiral Grayson are coming tomorrow night. One disappointment that will await the throngs in the non-appearance of little Ivan Parke. The diminutive dynamo in silks who has ridden 124 winners this year was expected to show his stuff in some of the other races on Saturday's card. Parke was set down for five days yesterday for rough riding.

The only chance of little "Poison Ivy" as his enthusiastic backers call him, in the stretch, appearing Saturday would be if he were chosen to ride My Own or Rialto. There was some talk of Parke's having a log-up on Admiral Grayson's colt in the championship, but this now appears unlikely.

Zev, of course, will be ridden by the untamable Sande, while Mike Garner will be astride In Memoriam.

NEWSY GOSSIP IN THE WORLD OF SPORT

RED BLOOD OF TURF WILL FIGHT IT OUT

Race May Be Fixture

By HENRY L. FARRELL (United Press Sports Editor)

New York, Nov. 1.—Along with tennis, golf, polo, yacht racing and track and field athletics, thoroughbred racing is almost sure to become an established international sport as a result of the Zev-Papyrus race.

Only sufficient inducement to horse owners is required to have established an international race annually to decide the three-year-old championship of the world.

The \$5,000 gold challenge cup, won for the first time by Zev, provides a fitting trophy, and if a generous purse can be offered in the future, there is little doubt that the annual cup race can be made just as interesting an event as the American Cup yacht races, the Olympic games and other old established classics.

To make such an event permanent it must necessarily be founded upon principles of true sportsmanship and it must provide that the handicap upon the competitors is distributed.

International sport contests especially between England and the United States, have done much to cultivate friendly relations between the two nations and it is certain that a horse race would not endanger that friendship, as long as the United States would agree to be a good sport in the conduct of the race.

If the deed of title to the cup

won from Papyrus by Zev provides that challengers must come to the United States until the cup is won by a horse representing another nation, this cup race will never survive, because the terms would be obviously unfair in that they would give the American horse all the better of it.

Only the admirable sportsmanship of Sir Thomas Lipton, the English yachtsman, has kept alive the competition for the classic American Cup. No other sportsman in the world but Sir Thomas would throw away the fortune that he has expended in the effort to beat a 100 to 1 shot.

The deed for America's Cup provides that the race shall be sailed in the home waters of the cup-holding nation, and it imposes an almost hopeless handicap in requiring that the challenging yacht must be sailed to the scene of the races.

Under these conditions Sir Thomas must build a challenger rugged enough to withstand the hardships of a trip across the Atlantic and, when it does survive this great task, it must speed with a fragile, bird-like craft that can hardly hold its head up against the slightest wind.

Obviously the element of sportsmanship, under these conditions, is almost entirely removed and the United States certainly cannot boast about its success in defending the cup when challengers have not the slightest chance to win it.

"Mighty Casey"

Few persons know that E. Robinson Casey of Syracuse, N. Y., is the hero of the well-known poem "Casey at the Bat." Back in 1885, as a member of the old Detroit National League team, Casey struck out with the bases full in Minneapolis—not in Mudville. But Thayer who wrote the poem, drew his inspiration from the game. Casey is a successful business man and was in New York recently to attend a convention.

Sinclair, Zev's Owner, Sportsman of Note

New York, Nov. 1.—Henry F. Sinclair, multi-millionaire oilman and the owner of Zev, America's hope in the \$100,000 international championship race against Papyrus, is not only one of the business leaders of the nation, but one of its most outstanding sportsmen.

At various times since he became immensely wealthy, Sinclair has taken a fling at different sports and he became almost a national figure when he assumed the role of one of the big "angels" of the Federal League, which waged war on organized baseball several years ago.

Since the Federal League failed, Sinclair has confined his amusements to racing, although at times he has been reported as willing to buy into the National or American Leagues.

He was born in Wheeling, W. Va., on July 6, 1876, and was educated in the public schools in Lawrence, Kan. He took a course in pharmacy at the University of Kansas in 1897 and 1898 and entered into the drug business with his father after leaving college. He drifted into the oil business in 1901 and became sensationally successful.

He is president of the Sinclair Consolidated Oil Corporation and a director in various other banking and business institutions.

Sinclair has one of the biggest stables on the American track, which he operates under the name of the Raneochs Stable, with Sam Hildreth as the trainer. His stable led in earnings last season with a total of \$229,285.

He is a great racing enthusiast, but he allows Hildreth absolute authority over his stables and his horses. During the controversy preceding the selection of Zev as the American color bearer, when a match race was being urged between Zev and My Own, the Grayson colt, Sinclair refused to take a part and said that the decision was entirely up to his trainer.

Madison, Wis.—The Badger squad is loading along on light signal drill in preparation for its hard game a week from Saturday with Illinois.

Bloomington, Ind.—Hanover plays used by the scrubs failed to gain on the Indiana varsity in a fast practice session here Wednesday.

Sideline Glances

Urbana, Ill.—The spirit of "Fighting Bob" Zepke has been injected into the Illini squad and the entire campus is celebrating "fight week." Zepke has told his charges: they must "fight as you've never fought before" when they line up Saturday against the Chicago Maroons.

Chicago—Coach Stagg's varsity squad has completed its "heavy work" for the Illini clash Saturday. The men will get little more than signal drill from now on.

Evanston, Ill.—With DeStefano and Weinke fighting madly for the full back berth and all his cripples well, Coach Thistlewaite believes his Purple charges will make the going rough for the Gophers Saturday. Northwestern has twice upset the dope by its strong showing against the Norsemen.

Minneapolis, Minn.—The Minnesota varsity squad found no difficulty in stopping the scrubs who used Northwestern plays in a hard scrimmage. Several Gopher regulars are certain to be out of the game with the Purple Saturday.

Ann Arbor, Mich.—A forward pass attack using Utritz, Kopke and Strelzer, featured the last hard scrimmage for the Wolverines in preparation for the game with Iowa Saturday.

Iowa City, Ia.—Coach Howard Jones is putting the polish on his crippled Hawkeyes for the Michigan clash here this week-end. He is centering his attentions on his kickers.

South Bend, Ind.—The "Micks" did not get the expected hard scrimmage session Wednesday. Rockne having decided the game each week end was sufficient "heavy work" for his charges. The squad ran through formations expected to beat Purdue.

Columbus, O.—Coach Wilce's new driving attack scored three touchdowns in 20 minutes against the Redskins in a stiff scrimmage session Wednesday. The forward pass was practically abandoned.

RUSHVILLE IS READY FOR THE WORD TO GO

New Floor at Gymnasium Is Completed And High School Team Will Practice There Tonight

THREE GAMES ON FIRST BILL

The Rushville high school basketball team is ready for the word to go, and they will make their appearance for the first time Friday night at the Graham Annex gymnasium, meeting Brookville as their opponents.

There are three games on the schedule, with the first contest being called at 6:30 o'clock, when the local girls will meet the Fairview girls. This game should be a good one, as last spring the two teams battled to a tie game at Fairview.

After the girls' game, the R. H. S. seconds will meet the Brookville seconds, and at 8:15 the big contest of the evening will be called.

The new floor has been completed, and the team will practice on the floor tonight. The workmen finished laying the new floor yesterday, and it was laid out with the lines and given the wax finish.

It is not known just how Coach Swain will start his squad against Brookville, but in all probability all of the first string men will be given a chance to take part. The second team this year is said to be even stronger than last year, and is out for a good record during the season.

U. S. CHALLENGER LOSES

Halifax, Nova Scotia, Nov. 1.—Canada retains the international fisherman's trophy. The Nova Scotia schooner Blue Nose, defender of the cup, defeated the Yankee challenger Columbia, today in the second and deciding race of the annual regatta.

HOPPE IS DEFEATED

New York, Nov. 1.—With an unexpected and surprising victory over Willie Hoppe, the champion last night, Welker Cochran took the lead in the tournament for the world's 18.2 ball line billiard championship. Cochran defeated Hoppe most convincingly by a score of 500 to 230 and took the lead with two games won and none lost.

Lafayette, Ind.—The Purdue squad went through a long session in preparation for the Notre Dame game Saturday. The regulars were given thorough instructions in receiving punts.

HUNTERS THRILL TO THE WORDS, "NOVEMBER IS THE OPEN SEASON"

"Open season!" These words stand for a world of joy to every sportsman—and now it is open season on almost every kind of game. In uplands and lowlands, marsh, and covert, sportsmen are enjoying the thrill of the hunt. Wherever there is game, furred or feathered, there are gunners winning fan and heightened health from the oldest, and according to them, the greatest sport.

The Indians called September the "Hunters' Moon," but it is November to which hunters now look forward most eagerly the whole year round.

Those who themselves cannot go on long hunting trips are envying their more fortunate fellows who can—and there are but few red-blooded, two-fisted men who are not managing somehow to squeeze at least several days' shooting into their month's activities.

The old hunting instinct may lie dormant the rest of the year. But there is something in these crisp, cool days that forces it wide-awake. As Kipling puts it, sportsmen hear "the red gods call."

Whether for wildfowl or the winged or four-footed dwellers in the woods or fields, everybody's going hunting. And "Ain't it a grand and glorious feeling?" No "fly in the ointment" as earlier in the year! No swarms of black flies or mosquitoes or even gnats to disturb your peace or take the edge off your pleasure! Ask men why they go hunting! They'll give you many reasons. Some prosperous business or professional men, probably—will tell you that there's no better preparation for the winter's work than some time spent in the open watching their quickness and wits against those of the game they're hunting. They'll say there's no pep-producer that can compare with the clear air of a brisk fall day redolent with the tang of the forest or the salt of the bay—that hunting's a real efficiency measure. To bring home a good bag, a man must be on the alert!

Others will declare that now the country and the woods are at the height of their beauty. Many of the trees are still gorgeous in their russet, scarlet and gold panoply of autumn foliage. The landscape on every side presents a panorama in which they delight.

Still others prize most highly—beside the never-to-be-forgotten thrill of hunting—a pleasure of a more material kind: appetizing dishes that are fit for a king: venison, roast duck, quail on toast, stuffed goose, boiled partridge or grouse, rabbit or squirrel pot-pie—yum-yum!!

There are most as many reasons given for going hunting as there are hunters, but all agree on one thing: not to go hunting in November is to

LEASING UNJUSTIFIED

Washington, Nov. 1.—If the sole reason for leasing the Tea Pot Dome oil reserve was the danger that oil would be drained off by outside wells, then the leasing was unjustified. W. C. Mendenhall, chief geologist of the United States geological survey, told the senate committee investigating the Tea Pot Dome leases today.

Social Notes

Mahoning Council, No. 36, will meet in the Red Men hall Friday evening. Degree work will be given and a large attendance is desired at this meeting.

The Girl's Circle of the Little Flatrock Christian church will be entertained Saturday afternoon at the home of Miss Marian Sefton. Miss Sefton will also have charge of the program.

Mr. and Mrs. Gilbert Palmer entertained with a dinner party Wednesday evening at six o'clock at their home in West Eighth street, honoring Mr. and Mrs. Emert Plunket and children Pauline, Kenneth and Bobby.

Mr. and Mrs. Willis Ronan had as their guests at dinner Sunday at their home northwest of the city, Mr. and Mrs. Rush Barnes and son Augustus of Alpine, Mr. and Mrs. Dale Ronan and William Fisher of Connersville.

The regular state meeting of Martha Poe Chapter, No. 143, O. E. S., will be held Friday evening at 7:30 o'clock promptly. Each member is asked to bring their jar of fruit at this meeting for the barrel of fruit to be sent to the Masonic Home at Franklin Thanksgiving Day.

A Miscellaneous shower was given at the home of Mrs. John Roberts in Glenwood, Wednesday afternoon, in honor of her daughter, Mrs. Karl Runyan of Connersville who was formerly Miss Lucile Roberts. Halloween effects were beautifully arranged for the decoration and music and contests furnished the guests entertainment. During the evening the guests were invited to the dining room where the bride displayed her gifts. Refreshments appropriate for the occasion were served. The out-of-town guests were Mrs. Walter Davis of Connersville and the Misses Nellie Morgan and Marie Looney of Rushville, Mrs. John Morgan and children of Gings and Mrs. Homer Roberts of New Salem.

Mrs. Lois Gates Corrie, daughter of Mr. and Mrs. Bryon Gates, of Homer, and Earl T. Arbuckle, son of W. E. Arbuckle, of Shelby county, were quietly married Wednesday afternoon at four o'clock at the Main Street Christian church parsonage, the Rev. L. E. Brown officiating. The bride is very well known in the Homer vicinity, having been a graduate of the Homer high school, and also of Hanover college. Mr. Arbuckle, for the past few years, has been engaged as a road contractor with the firm of Gates, Arbuckle & Brown. At present they will reside on his farm near Rays Crossing but plans to build a home at Colescott and Shelby streets in Shelbyville in the near future.

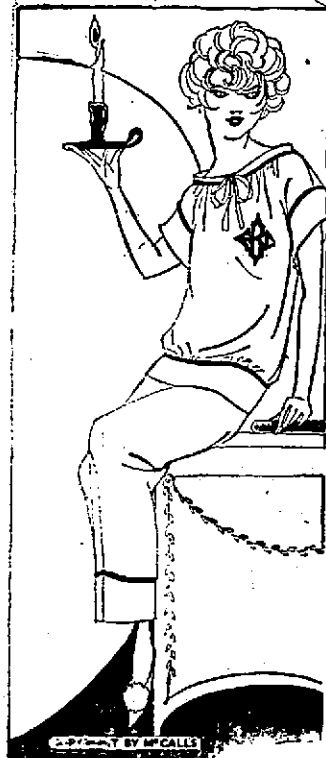

Miss Velma Ronan entertained with a Halloween party Saturday evening at her home near Henderson. The rooms were gaily decorated with fodder, pumpkins, autumn leaves and crepe paper in the colors of black and orange. Several of the guests came masked and provided much amusement for the other guests. The guests were the Misses Ruby Selby, Dorothy Sellem, Earl Fish, Chase Rollands, William Fisher and Mr. and Mrs. Dale Ronan, all of Connersville; the Misses Margaret, Florence, Thelma and Zelma Shaeffer, May Haywood, Mabel DeMoss, Ruth and Lora Bogue, Bertha Ward, Elva Turner, Stella Irvine and Omer Cooley, Ralph Haywood, Elmer Wilkinson, Melvin Henley, Howard Souder, Don and Roy Ward, Nolan Bogue, Lot Newhouse and Loren Beckner. Delicious refreshments were served consisting of sandwiches, doughnuts, pumpkin pie and cider.

The Misses Harriet Lee and Rebecca Endres entertained several of their little friends Wednesday evening with a Halloween party at the home of their parents, Mr. and

Mrs. I. Lee Endres, in North Harrison street. The home was gaily decorated for the occasion with pumpkin faces, witches, black cats, and other Halloween emblems and formed a very pretty setting for the party. Games and contests were enjoyed during the evening and readings were given by Mary Estelle Compton and Bonnie Jean Beale. The evening was closed with the serving of refreshments and the presentation of gifts to each guest by a witch. The guests included children from two to seven years old, and were Joanne Harrold, Gertrude Saddler, Betty and Clark Flechart, David and Bobby Maury, Mary Estelle Compton, Bonnie Jean Moore, Katherine Casady, Bonnie Jean Beale, Billy Winship, Annabelle Ball, Janet Maury, Jean Norris, Jane Griesser, Marjory Ann Wilson, Donald Wilson, Helen Jordan and Jamilla Bradley, all of this city, and John Green, of Fort Smith, Ark.

Mr. and Mrs. Leon McDaniel entertained at their country home, Wednesday night, thirty Pythian Sisters as their guests with a Halloween party. The house was decorated in a most unique manner with pumpkins, Jack-o'-lanterns, and corn fodder, all of which gave a spooky spirit for the occasion.

New Pajamas

The very newest pajamas are made with low-waisted bloomers gathered on a wide belt at hip-length. The fashionable lines, as you will note, are most attractive in pajamas, too. Heavy tub silk for women who always like silk, fine muslins for women who prefer them—and with the advent of cold weather, fine white outing flannel

Contesting games of various kinds were carefully carried out and prizes were awarded. Fortune telling and other games were played, and all of the guests took "an oath" to tell the truth, nothing but the truth, and it was said to be surprising to see how few told the truth. The series of games ended with an old time spelling bee, in which Edna Dagler won the pumpkin as the champion speller. A bountiful supper was served and enjoyed in the earlier part of the evening, including sweet cider, ginger bread and pumpkin pie. Mrs. Jennie Young of Sabina, O., sister of Mrs. A. W. Wilkinson of this city, was a guest.

Mr. and Mrs. Charles Stucker, living east of the city, are entertaining this week, Mr. and Mrs. Ray Lawson of Indianapolis and Miss Ethel Caplinger and brother of Versailles, Ind., and Elwin Rork of Os good, Ind.

German Coalition Slipping
By CARL D. GROAT
(U. P. Staff Correspondent)

Berlin, Nov. 1—Chancellor Gustave Stresemann's patchwork coalition appeared slipping toward a downfall today. All signs indicated the coalition soon will be replaced either by a reactionary regime or an actual dictatorship, probably with Stresemann at its head.

It was freely forecast that if the

Chancellor fails to persuade the Socialists to abandon their demand that he lift the limited stage of seige decree and the Socialists leave the cabinet, Stresemann will not regret their departure.

The chancellor, it was stated, is ambitious to rule without Socialist aid.

Should today's negotiations to save the coalition government succeed there was every indication its fall only be averted temporarily.

A crisis in the near future was considered inevitable.

All Over Indiana

Kokomo — School children playing along a road near here found two bottles of liquor concealed in a ditch. Later, they reported, a "portly gentleman" made a vain search for half an hour.

Upland — A third ticket, composed entirely of women, will be voted on at the town election Nov. 6. The women are known as the Independents and have a four-leaf clover for their emblem.

Vincennes — A monument at the grave of Gen. Washington Johnson, in Greenlawn Cemetery, was unveiled by Masons of the city recently. Gen. Johnson was the founder of Masonry here as well as of the Grand Lodge in Indiana.

Fairmount — Albert C. Kelly, business man here, has sued his wife for \$5,000 damages. He alleges injuries were received at the hands of his father-in-law and his wife when he was assaulted by the former.

Indianapolis — In his wrath over being charged one cent too much in a chili parlor here Barney Cavanaugh, Louisville, Ky., hit the restaurant manager, and his waiter, threw a peanut vending machine through the cigar counter and broke a window. Police, who took Barney in tow, said they found part of a bottle of Barney's "inspiration" in his room.

TURKEY MARKET TO BE LOWER THIS YEAR

Preliminary Survey By Chicago Dealers Reveal Decline in Price For Thanksgiving

BIG QUANTITY IN STORAGE

Chicago, Nov. 1.—Your Thanksgiving turkey will be lower this year than last, according to a preliminary survey of the market. Chicago dealers informed the United Press today. This is because the reserve stock of cold storage turkeys is nearly three times the 1922 figure.

Figures supplied to Swift and Company, one of the big packers, shows that on October 13, 1922, by the department of agriculture turkeys in cold storage totaled 2,645,000 pounds while on October 13 this year the stocks totaled 6,337,000 pounds.

Wholesale prices last October 13 ranged from 35 cents to 53 cents a pound while this October 13 the prices range from 33 cents to 46 cents.

C. H. Weaver and Company, one of the largest dealers in "turkeys on the hoof" in the country, forecast lower prices, due to the overstocked condition.

"Last year growers and dealers dumped a vast supply on the market, with the result that the supply was greater than the demand," the company told the United Press. "That means lower prices this year."

The Swift Company has issued a bulletin pointing out to turkey raisers that "reasonable prices" must obtain if their stocks are to be disposed of during the holiday season.

Chicago, Nov. 1.—A campaign to raise approximately \$6,000,000 in the United States to feed 2,000,000 German children for 142 days, starting November 6 was announced here today by General Henry T. Allen, who commanded the American forces of occupation in Germany.

General Allen is chairman of the American committee for the relief of German children, recently organized. He arrived here today to launch the campaign.

The actual relief work will be carried on by the American Society of Friends, a Quaker organization which now is carrying on relief work in many parts of Europe.

WILTED PLANTS ARE POISON

Stocks of Sorghum, Sudan or Johnson Grass Dangerous to Animals

Lafayette, Ind., Nov. 1.—A. A. Hansen, of the Purdue university agricultural extension department, today issued a warning against feeding sorghum, Sudan or Johnson grass that has been wilted by frost to livestock.

Poisonous acid develops in the wilted stocks, Hansen said, which may prove fatal to livestock.

The loss of several cows by an Orange county farmer was investigated by Hansen recently. Symptoms following eating of the poison are drowsiness and short breath, followed by staggers and extreme weakness.

Recent frosts have wilted much of the second growth sorghum and care should be exercised that grazing animals do not have access to the dangerous substance, Hansen said.

MASONIC MEMORIAL CORNERSTONE LAID

Before Distinguished Audience Cornerstone of George Washington Memorial Is Put in Place

PRES. COOLIDGE ATTENDS

Alexandria, Va., Nov. 1.—Before a distinguished audience, which included President Coolidge and former President Taft, the cornerstone of the George Washington Masonic memorial was laid here today.

Historic Alexandria, where Washington attended church and presided over the Masonic lodge, lived again today in the times when the first president was a familiar figure in its homes and on its streets.

The Masonic memorial, to be erected at a cost of millions, contributed by Masons all over the United States, will stand on the site of the lodge room in which Washington conducted Masonic lodge meetings.

Charles H. Callahan, Alexandria, Deputy Grand Master of Virginia, laid the cornerstone, assisted by Grand Masters from each State in the union. More than 20,000 Knights Templar and Blue Lodge Masons are expected to take part in the parade, in which every Masonic jurisdiction will be represented.

Tonight a banquet will mark the conclusion of the program. James H. Price, grand master of Virginia, will be toastmaster.

NO IMMEDIATE HEARING

Indianapolis, Ind., Nov. 1.—No immediate hearing of a petition for receivership for the Indiana assets of the National Motors Corporation, a Delaware concern, with their main plant here, will be held, Superior Judge M. Leathers said today. The petition was filed October 29 by the Polson Manufacturing Company, Buffalo, New York, which also sued for judgment of \$3,600 on notes.

KING LIKES SELECTION

London, Nov. 1.—King George and the British foreign office consider Senator Frank J. Kellogg of Minnesota as "extremely persona grata" for the post of United States ambassador to the court of St. James, it was learned authoritatively today.

Fort Wayne — Ralph Ormsby well known dirt track auto race driver, was fined \$100 and costs and sent to jail for thirty days on a charge of speeding while intoxicated.

LOOK at the way
Goodyear Tire prices have been kept consistently lower than the average for all commodities. Then think of the improvements represented by that finest of all Goodyears, the new Goodyear Cord. Despite this, prices are 37% lower now than in 1920, and 30% lower than in 1914. This is the time to buy Goodyears.

As Goodyear Service Station Dealers we sell and recommend the new Goodyear Cord with the Goodyear Weather Trend and back them up with standard Goodyear Service.

PUBLIC NURSING HAS BECOME NECESSARY

Miss Caskill States Public Nursing Is Not For Poor Alone But To All Classes Of People

STEADY EXTENSION IS SEEN

Indianapolis, Ind., Nov. 1. — Public nursing has become as necessary if not more so, to communities as public schools, Miss Ina Caskill, director of the division of public health nursing declared here today. "Public nursing is not for the poor alone," Miss Caskill said. "The 250 nurses in Indiana are subject to the call of all classes of people. While, of course, our greatest work lies among the poorer classes, we are employed to aid anyone who is ill."

Cities and towns are more ready to see the usefulness of a public nurse in the community, she explained. Rural communities, hard hit by the agricultural depression, have curtailed activities of the nursing service. However, Miss Caskill, felt that this condition was only temporary and that when times becomes better in farming communities, they would again employ public nurses. Growth and extension of service in cities has been steady, without hurries, Miss Caskill said.

"In 1915, there were only eight cities with public nursing service," she said. "Today, forty cities and towns in the state are equipped to fight disease."

"At present, we have nursing service in at least 40 counties. At one time, before the depression, in farm products, we had service in 56 counties."

PROSPECTS FOR BUSINESS GOOD

Continued From Page One

The freight car surplus is below normal, indicating the increase activity of cars, and this is made more significant by the report of a large proportion of freight cars in serviceable condition. Building permits for September, 1923, were \$11,000, 900 greater than for the same month of 1922.

In a recent resume of factors upon which to base the opinion that there will be sustained industrial activity, President Julius H. Barnes, of the United States Chamber of Commerce recently enumerated the following: Largest pig iron production, largest cotton consumption, largest steel ingot production, largest crude oil production, largest automobile and truck production, largest residence construction, largest production of locomotives, largest volume of mail order sales, largest volume of retail sales, and largest volume of railroad car loadings.

Of course, the situation is not without its disappointing features. The wheat farmers have some company in the oil producers who are suffering the steady decline of prices, due to surplus production, as in the case of wheat. Lower gasoline prices will tend to increase the consumption and help to reduce the surplus.

In no section of the country is there any complaint of unemployment. In fact, the complaint is that there are not men enough to do the work and there is clamor for the lowering of the immigration bars, a demand which seems to make no appeal to the administration. The people of the country not having engaged in any extravagant buying at high prices, there is no danger of a "buyers strike" to start an industrial reaction.

MOTORCYCLE IS ABANDONED

Glenn A. Scott of Muncie Here Seeking His Machine

Glenn A. Scott, owner of a motorcycle store at Muncie was in Rushville Wednesday afternoon searching for a motorcycle belonging to his firm, which was said to have been abandoned by the rider, at a farm house two miles south of here. He was unable to locate the machine.

According to Mr. Scott, about seven weeks ago he sold Brown McDaniel of Muncie a motorcycle, and a small deposit gave McDaniel the right to have it. A few days later, Scott was notified by mail that the machine had gone "dead" and was left at a farm house, two miles south of Rushville. According to Scott, the machine was a new Harley-Davidson, and did not have a side car or lights, and he will welcome any information as to its location.

SAYS WATSON IS TO GET INTO RACE

Continued from Page One
not intend to take the lead in coming out as a rival to Mr. Coolidge, but that if Mr. Coolidge is going to have rivals he is going to feel free to be among them.

It happens that locally he is better situated for a presidential endeavor than he was in 1920. He then put forth a feeling toward getting the Indianapolis delegates to the Republican national convention. He was checked by the Governor Goodrich-Hays-New faction.

At that time that faction was in control of the Indiana State Republican organization. Two years later the Watson faction gained the upperhand. It is credited today with still possessing a majority in the Republican State committee.

Watson's friends are inclined to hope that harmony therefore will prevail and that if Watson comes forward as a candidate he will have behind him a reasonably united Republican Indiana party organization strength.

This hope is not entirely verified by the talk of Watson's Republican factional enemies, but Watson's friends are trustful that they can bring about a certain cessation of internal Republican strife here and can go to the national convention with an enthusiastic Indiana Watson delegation.

Their own enthusiasm and determination are unquestioned.

Indiana is thus fitted out with a Democratic presidential favorite son in the person of Senator Ralston and a Republican presidential potential—delightful to some and distressful to others—for the Republicans.

The organized labor element here has been in large part strongly opposed to Watson. He is regarded by the element as a capitalistic standpatter. It never has been able, however, to halt his career.

He has much strong support from among manufacturers and other business men. He is far from rich, but he would have many friends who would willingly subscribe to the necessary expenses for a campaign to promote his candidacy.

He is very skillful in "whooping

ONE OF THE HELP

Chicago, Ill., November 1.
Glenn E. Holmes, wealthy automobile agency owner, today was just one of the help.

Holmes has turned his business over to his 115 employees until March 1, 1934. The workers will divide the profits made during that time.

Tonight Holmes will announce similar plans for his Milwaukee agency, where he employs 65 men.

Holmes said it was a business experiment. He believes his employees will "pep up" under the influence of the profits.

"My employees who usually get Christmas bonuses totalling \$8,000

it up" for the Republican party at political meetings. A general view here is that Albert Beveridge is a better patriotic speaker, but that "Jim" Watson is a better Republican speaker.

He would run as a rock-ribbed Republican, favored by considerable business interests, equipped with a reasonable campaign fund and impelled by a band of followers who regard him as the modern Republican plumed knight after the order of James G. Blaine.

They contemplate his candidacy devotedly and emphatically.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel. Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth"—a bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime.

Thousands take them every night just to keep right. Try them. 15c and 30c.

WOMAN SO BLUE SHE CRIED

Because of Ill Health—Tells How She Found Relief by Taking Lydia E. Pinkham's Vegetable Compound

Burlington, Iowa.—"I used to dread the time for my monthly period as it came every two weeks and lasted for two weeks, and during that time I would have the blues and cry. Since I have taken Lydia E. Pinkham's Vegetable Compound I am so happy I can hardly express myself. I have gained several pounds and look fine. I have recommended your medicine to my friends and you may publish my letter as a testimonial. I hope your medicine will give others the relief it did me."—Mrs. KALPA GAIL, 2021 Des Moines St., Burlington, Ia.

Lydia E. Pinkham's Vegetable Compound is a medicine for ailments common to women. It has been used for such troubles for nearly fifty years, and thousands of women have found relief as did Mrs. Gail, by taking this splendid medicine.

If you are suffering from irregularity, painful times, nervousness, headache, backache or melancholia, you should at once begin to take Lydia E. Pinkham's Vegetable Compound. It is excellent to strengthen the system and help to perform its functions with ease and regularity.

Coogan in Stellar Role
As the engagement of little Jackie Coogan in "Oliver Twist" draws near its close at the Princess Theatre, today the impression gains strength that this is one of the biggest and most notable picture products yet created for the screen.
Not only in the "size" of the production, but in its "intimacy," is art value being recognized; not only does it appeal to the youngsters, but to the matured as well.
It seems to be as nearly perfect as a good picture play can be, an entertainment for everybody. Even the pedant and library bookworm, for whom the theatre usually exerts but the slightest influence, is concerned with "Oliver Twist" to see in what manner the literary spirit of Charles Dickens is set forth upon the screen and by what processes of elimination the narrative as composed by the immortal novelist have been applied to reduce the story matter to the limits of a screen presentation.
That Frank Lloyd, in making the adaptation, has employed the rarest judgment and keenest sympathies is unanimously agreed by the patrons; that the production is all that was claimed for it is likewise agreed.

THE OLD HOME TOWN By Stanley

and that little Jackie Coogan, the bright star of a brilliant aggregation of players, is at the very apex of his matured yet youthful art is overwhelmingly conceded.

Why Mothers no longer fear Child-birth

An eminent physician has shown why there is so much useless suffering on the part of many expectant mothers, for months before baby comes, as well as when baby actually arrives.
This same great doctor found the way to avoid much of this suffering. Mother, your baby's nerves, its whole structure should be free from any influence caused by your months of useless misery and pain. You yourself can be free from much of it. Here is a little message to all expectant mothers:
Mrs. Ida Milton, 108 N. Tremont St., Kansas, Ill., says: "I am forced to say something in regard to your wonderful 'Mother's Friend.' Just one application gave me such relief I could hardly realize I was in pregnancy. Before I used it I was suffering with pains all over, and today, I am able to do my housework with all ease and without pain."

- QUALITY COMES FIRST—WE HAVE IT; SERVICE COMES NEXT—WE GIVE IT; SATISFACTION IS WHAT EVERYBODY WANTS—WE GUARANTEE IT.
- We have just unloaded the fourth half car load of LOYALTY Flour received by us since our agency was established about one year ago. The splendid sale we are having on LOYALTY is positive proof of its excellence.
- For the present we offer LOYALTY by the barrel at \$7.75; per bag, \$1.00. We have flours selling for 25c per bag more than are no better.
- UNITY Flour, the next grade below Loyalty we sell for 85c, bag. We are now selling colored oleomargarine. Many folks do not know that in order to sell colored oleo we must pay \$48.00 per year for a license and that there is a government tax of 10c on every pound manufactured. This accounts for the higher price, but the Standard Nut Oleo can hardly be distinguished from the best creamery butter and is much lower in price.

George Seigmann, Lionel Belmore, Edonard Trebnol, Joan Standing, James H. Marcus, Aggie Herring, Carl Stockdale and Eddie Boland are but few of the many distinguished players to give Jackie ideal support in this his first "superproduction" for Associated First National Pictures, Inc.

At Mystic on Friday
Nancy Deaver, who plays the featured role of Jeess Uek in S. E. V. Taylor's production, "The Mohican's Daughter," a stirring romantic drama based on Jack London's story, "Jeess Uek," is a young Australian miss and one of the screen's most recent "finds." In her very first appearance on the screen, Mayflower's "The Law of the Yukon," she had the biggest role. Following this she appeared in opposite Eugene O'Brien in "Chivalrous Charlie," then opposite Wilfred Lytell in "The Wolf's Fangs."
When S. E. V. Taylor was casting "The Mohican's Daughter" he found himself in a quandary. It might here be interpolated that Mr. Taylor is a stickler for realism and not only wants actors who can act but actors who can look their parts. The casting of "Jeess Uek" is what stumped him. As fast as names of actresses apparently suitable for part came to mind he sent for them and made tests. Three thousand feet of film was so exposed without satisfactory result. Then someone told of having seen Miss Deaver in one of her pictures. Mention of her name recalled to the director's mind praise he had heard of her work. She was sent for, and immediately upon seeing her Mr. Taylor breathed a sigh of relief. Nancy Deaver was engaged on the spot.
This picture shows Friday only at the Mystic.
